MEMORIAL TO THE LATE MR. W. H. O'SULLIVAN.

On Sunday last a large meeting was held in the National League rooms, Kilmallock, for the purpose of taking steps to erect a memorial to the memory of the late Mr W H O'Sullivan, who up to some years ago had been member of Parliament for East Limerick. The Rev J Hallinan, C C, was moved to the chair, and in opening the proceedings said it was not necessary to say one single word to them of the merits of him who they knew so well to be a consistent and thorough Irishman (hear, hear). While life was left him he spared no trouble but gave his time and energies in endeavouring to amelorate the condition of his country, and raise her up to her rightful position among the nations of the earth. The name of William Henry O'Sullivan was especially connected with the cause of the labouring class, whose interests he had deeply at heart, and whose condition he incessantly laboured to better (hear, hear). The latter portion of his own life was almost entirely devoted to their benefit, and not alone to the labourers of Kilmallock, but to that class throughout the county at large. To his efforts before the close of his Parliamentary career was due the passing of the Labourers' Bill, which he watched and guided from its inception until it became law. He (Father Hallinan) hoped, and was assured that the object inaugurated there that day would be favourably met by the people of Kilmallock, and a monument would be erected worthy of a man who had done his part so well, and also worthy of the generosity and patriotism characteristic of the labouring and artizan classes (hear, hear.)

Mr N Gaffney explained that at the previous informal meeting a committee was formed with power to add to their numbers. He had great pleasure now in proposing the appointment of the committee be ratified, and that Rev Father Hallinan and Rev Father Costelloe be appointed trustees to receive the funds collected.

Mr Joyce seconded the proposition, which was unanimously adopted.

Mr John Hassett proposed a resolution expressing gratitude for the late Mr O'Sullivan's services in connection with the Labourers' Bill, and asking the labourers and Nationalists to generously support the project on foot.

Mr Michael Gubbins seconded the resolution, which was unanimously passed.

A committee having been appointed, it was decided to communicate the object of the meeting for the approval of the National League branches throughout the county.

A subscription list was then opened and a respectable sum contributed by those assembled in the room.

The meeting then adjourned till Sunday next.
