County Limerick Gaol Report.

THE Board of Superintendence of the County Limerick Gaol, appointed under the 7th George IV, Chap. 74, Sec. 2, submit the following Report to the Grand Jury, at Summer Assizes, 1853 :

The Accounts, and Vouchers of of the Expenditure upon the Gaol, Bridewells, Court-houses, and Coroners' Expenses at Inquests, since the last assizes, are ready for audit.

The Account audited, and passed by the last Grand Jury, shewed a Balance of £3646 14s. then in Bank to the credit of the Board. The Expenditure to be accounted for at this Assizes is £1187 17s. 9½d. leaving a balance of £2,546 4s. 9½d. including the sum of £87 8s. 7d., paid by Government for the maintenance of Convicts in 1852.

The Grand Jury will bear in mind, that no presentment had been required for the service of the Gaol since Summer, 1850; and that the above sum of £2,546 4s. 9½d. will be little more than sufficient to meet the general expenditure, consequent upon the long period, between this and the next Spring Assizes; it will, therefore, be necessary, that provision should be made for the period between Spring and Summer Assizes, 1854, by a presentment of £1200 at this assizes.

The Board have the satisfaction to state, that the Committals, generally, continue to diminish. The daily average confined since last assizes is considerably less than that of any corresponding period of 1852—it was then 371, it is now reduced to 298.

The Tread Wheel was destroyed by accidental fire in June, 1846; the number then in custody, and sentenced to hard labour, were but few, consequently the Board did not deem it necessary to incur the expense of erecting another. The Inspectors General of Prisons recommended shot exercise as hard labour; and although this discipline had been strictly enforced since June, 1852, yet the re-commitals of vagrant beggars, and for other offences under the Poor-Law Act, have increased since that period. It is now proposed to erect a Tread Wheel to remedy this evil, at an expense of £200—the mason work and carpentry will be done by the prisoners.

The Board having inspected the necessary repairs required to be done in the County Court-house, found, among others, that a great many of the window-sashes were in a state of decay, and required to be replaced by new ones. The best timber for the purpose had been procured, and a number of them is now made, and ready for glazing. The glass of the old sashes will be used in the new ones. The Board would recommend that the timber work and railing be painted.

The Bridewells and Court-houses are in a good state of repair.

The same system of financial and industrial management of the Prison, as approved of by the last and former Grand Juries, is still carried into effect. All classes of Prisoners fed at the expense of the County have been kept constantly employed. All the necessary clothing, bedding, and furniture required for the use of the Gaol and Bridewells, have been furnished by prison labor, at the cost of the materials.

The Gaol has been remarkably healthy since last assizes, but few cases of fever reported; and none of a dangerous character.

The conduct of the Governor and other Officers of the Prison has been satisfactory.
