LIMERICK DIOCESAN SCHOOL.

REPORT.

Limerick, 21st March, 1855.

GENTLEMEN,

According to the resolution passed by the Committee on the 17th inst., we waited on the Rev. Mr. Hogg, Head Master of the Diocesan School, on this day, at the hour appointed by him, to inquire into the manner in which the school is being conducted, the number of scholars at present instructed, and whether any boys were receiving their instruction free of expence; also, to ascertain the number of Assistant Masters.

As regards the Schoolhouse, we found a building suitable for a large seminary, with Dormitories containing about forty beds, which do not appear to be at present occupied. There is also a large Play ground attached to the building.

We regret to say we found much difficulty in ascertaining from Rev. Mr. Hogg the number of pupils at present at the school, but as far as we could glean, (for he studiously avoided a direct answer to our question as to the present number) it would appear there were either two or three (not Free Scholars) *but we did not see them*, the Rev. gentleman assigning as a reason that it was the day of Humiliation, and therefore the school was not open.

With regard to the Free Scholars, Mr. Hogg produced a list of those who had received their education gratuitously from 1837 to the present time, amounting to about 24 in number.

The Rev. gentleman in answer to our enquiry respecting assistant masters, handed us his receipt book, by which it would appear that there was a Classical Master attending daily at £2 per month, a Science Master attending three days a week at £1 per month, and a French Master three days a week at £1 per month. This he states was the working staff for the whole Diocesan School.

We have the honor to be,

Gentlemen,

Your obedient servants,

To The
Diocesan School Committee.

GEORGE VANDELEUR,
JOHN C. DELMEGE.

On the Report having been read, the Chairman was requested to forward a copy of it to the Endowed Schools Commissioners, together with an extract from the Grand Jury Books, and to call on them to investigate the matter, to which the accompanying reply was received.

Limerick, 10th April, 1855.

Sir,

I beg to state for the information of the Commissioners of Endowed Schools, that in consequence of a representation having been made to the Grand Jury assembled at the Spring Assizes, that they deemed it necessary to appoint a Committee of the following gentlemen :—

SIR RICHARD DE BURGHO, Bart. High Sheriff.
SIR RICHARD BOURKE, K. C. B.
MICHAEL FURNELL, D. L., Foreman Grand Jury.
COL. DICKSON, D. L.
WILLIAM HOWLEY, D. L.
HENRY MAUNSELL, J. P.
MAJOR GAVIN, J. P.
JOHN C. DELMEGE, J. P.
GEORGE VANDELEUR, J. P.

to enquire into the present state of the Diocesan School of Limerick.

In accordance to which a meeting was convened on the 17th March, when it was ascertained by referring to the minutes of the Grand Jury Books, that the following contributions had been made for the purpose of establishing a Diocesan School at Limerick.

1823—Presentments granted by the County and City Grand Juries.		
Contribution of County,.....	£1400,	Irish.
of the City, £550, of which only £240 was collected, ...	240	

1830—The Commissioners of Education purchased one acre (Irish) for the site of the School. The purchase money was provided as follows:—

Sale of old School house, ...	135	11	5
City Presentment, ...	241	0	0
Balance advanced by Commissioners of Education, ...	23	8	7
	£400	0	0

It appears that the sum of £1400 collected off the County remained in the Treasurer's hands until 1837, when it was paid over to a Committee for the building of the new School house, and the same year the present master the Rev. Mr. Hogg was appointed by the Lord Lieutenant, with a salary of £150 per annum, collected from the Clergy of the United Dioceses of Limerick and Killaloe, he having to educate "Twenty Free Scholars without religious distinction," to be nominated by the Grand Jury.

In 1840, a presentment was made on the County for £158, for a boundary wall.

At this stage of the inquiry the Committee considered that it would be the fairest manner of arriving at a just conclusion, that two of their members should wait on the Rev. Mr. Hogg, to ascertain, if possible, in what manner the school was being conducted at the present time.

The Committee beg to lay before the Commissioners the Report which they have received, from which they do not consider that the school is conducted in the manner that was intended, when so large a grant was given by the County, and they also find, that the greatest dissatisfaction exists throughout the neighbouring counties, and in this rising city, that there is no school of any importance; which constrains parents to send their children to a considerable distance to receive their education.

The Committee therefore respectfully request that the Commissioners will give their earliest attention to the circumstances now brought under their especial notice.

I have the honor to be,
Sir,
Your obedient servant,
GEORGE VANDELEUR,
Chairman of Committee.

And have the honor to be,
Gentlemen,
Your obedient servant,
GEORGE VANDELEUR,
Chairman of Committee.

TO THE GRAND JURY,
Summer Assizes, 1855.

County Limerick Gaol Report.

THE Board of Superintendence appointed under the 7th George IV, Chap. 74, Sec. 2, submit the following Report to the Grand Jury, at Summer Assizes, 1855.

The Accounts and Vouchers for the expenditure upon the Gaol, Bridewells, Court-houses, Coroner's Expenses at Inquests, and for the Conveyance of Prisoners since the last Assizes, are ready for audit.

The Account audited, and certified by last Grand Jury, showed a balance of £1084 13s. 10d. then in Bank to the credit of the Board of Superintendence. The Presentments granted at Summer Assizes, 1854, amounted to £831 5s. this sum together with the aforesaid balance making £1915 18s. 10d. is the sum to be accounted for at this Assizes. The expenditure since last Assizes amounts to £1028 11s. 6d. leaving a balance of £887 7s. 4d. in Bank in favor of the County.

The expenditure from Summer 1854, to Spring 1855, was £1937 5s. 3d. and from the high price of provisions, the Board consider that an equal outlay will be incurred within the period between this and next Spring Assizes. The Presentments granted at last Spring Assizes, amounted to £1100, which added to the balance at foot of the present account, will be sufficient to meet all necessary expenses for the Gaol, Bridewells, &c., until next Assizes. The Board therefore will require at this Assizes, but £830 to meet the expenditure for the short period between the next Spring and Summer Assizes, 1856.

The Board have the satisfaction to state, that the Committals since last Assizes, have been considerably less than at any corresponding period for many years past. The daily average confined from Spring to Summer Assizes, 1854, was 190 whilst 132 has been the daily average for the corresponding period of the present year. This statement is the more gratifying, as the Goal Records shew that a large proportion of the average daily confined since last Assizes, were Juveniles, committed for seeking relief in Unions upon which they had no claim, and for vagrancy. Under the circumstances here stated, the Board cannot but congratulate the Grand Jury upon the absence of those crimes from the Criminal Calenders, which formerly caused the Judges of Assizes to remark upon the number and atrocity of the cases which were to come before them for trial. The reduction in the dietary of Juvenile offenders under 15 years of age, as ordered by the Court of Queen's Bench, will have the effect of preventing the re-committals of this class, and compel them to seek asylum in the Work-houses to which they have proper claim, in preference to the stringent discipline and reduced dietary of a Prison.

The same system of management and discipline as reported upon, and approved of by the last and former Grand Juries is still practised and carried into useful effect. All Male Prisoners fed at the public expense have been kept constantly employed at trades and stone breaking, by which means all clothing and furniture required for the use of the Gaol and Bridewells, have been supplied by Prison labour at the cost of the materials only. The Female Prisoners are as usual employed in spinning, needle work and washing for the Gaol, prison shirting and bedding.

The Account to be audited at this Assizes, is not burthened with any charge under the head of furniture, and the outlay for clothing is but £4 19s. 10d. yet all Prisoners have been legally supplied with the clothing and bedding required by the Prison Act. To account for this the Board have to remark, that when the daily average became reduced from over 700 to 132, the supplies provided for the larger number, has left in store a sufficient supply of clothing and bedding for the number now in custody for the next 12 months.

The ability and zeal of the Local Inspector, to carry into effect all the details of Prison discipline, has in no small degree enabled the Board to make the present satisfactory report to the Grand Jury. The constant and unremitting attention of the Governor in discharge of his duty, and also the other Officers of the establishment in discharging theirs, continue to merit the confidence and approbation of the Board.

The Medical Report upon the health of the Prisoners since the last Assizes is favorable. No serious case of fever, and no death has occurred within the period. The number at present in Hospital is 3 Males. The Hospital charge at this Assizes is but £2 4s. 7d. The Board think it due to the Medical Officers

to state, that the economy and attention practised in their department has effected much saving of expense to the County.

The Gaol, Bridewells and Court-houses, are in a good state of repair; a small outlay upon the Court-house at Newcastle is necessary for some interior repairs and painting.

The Board at the usual period of last year (December,) endeavoured to procure contracts for the supply of Bread Stuffs but could obtain none. The market price of these articles causes the weekly average cost of diet to be 20d. per head.

The following averages, taken at corresponding periods for the last three years, exhibit a great decrease in the number of committals, and consequently a proportional decrease of criminal offences in the County.

The daily average confined from Spring to Summer Assizes, 1853, was 298
" " from Spring to Summer Assizes, 1854, " 190
" " from Spring to Summer Assizes, 1855, is 132

Number in custody on 30th June, 1853, was 253.
" " on 30th June, 1854, " 176.
" now on 30th June, 1855, is 144.

PRESENTMENTS REQUIRED AT THIS ASSIZES.

For a half-year's salary for Governor and other Officers,	£430
" Provisions and Necessaries, ...	400
Total,	£830

Having carefully examined some of the Coroner's Medical Witnesses expenses at Inquests, the Board have found it necessary to submit some of the claims under that head to the consideration of the Grand Jury. It is suggested by some of those claimants, that because the Coroner and Jury may have agreed to require a Medical Witness or a post mortem examination, it is therefore imperative on the Board to pay the expenses to the extent which they conceive the law allows. The Board have endeavoured to limit those expenses to the cases for which it is shown to them, that a medical witness or post mortem examination was necessary to enable the Coroner's Jury to fulfil their obligation.
