Big Death Roll.

Athens, Monday.

With the exception of a few buildings,
which are badly damaged, Corinth is re-
ported to be in ruins through an earthquake.
The population spent the whole night in the
dark.

The Power House was destroyed and
the town was in darkness. The exact num-
ber of dead and injured has not yet been
ascertained. It is said that there are twenty
dead. Great havoc was also wrought at
Laraki, a popular watering place, where
many inhabitants have also deserted their
homes. The newly-built hotels suffered no
damage, and no loss of life has been reported
at this spot. Fifty houses collapsed at Kal-
ki and a number were damaged at Ishmia.

Corinth Canal and the bridge spanning
it were reported to have suffered no damage.
The slight shocks were felt in Athens last
night, obviously counter shocks of the
seismic disturbances in the Peloponnesus.
Telegraphic communication has been partly
interrupted—Reuter.

Later—Over twenty separate shocks of
varying strength were felt in the Pelopon-
nesus in the course of the last 24 hours. It
is now stated that the casualties at Corinth
number 30. Material damage
is reported to be very heavy—Reuter.
Corinth is one of the ancient cities of the
world, and figures largely in old history.
The origin of the place goes back to pre-
historic times.

GRAND CENTRAL.

Large audiences at the Grand Central last
night were in the best of humour with
"The Cougher Kitty Kelly," an inimitable mixture
of Irish and Jew, which provides no end of
amusement. It will be again shown to-night and
on Wednesday, and should not be missed.
"The Ritz," another very amusing drama,
will be shown for the remainder of the
week. It is described as the "Peter Pan"
of the screen, in a story specially written for
the stage by Bronson by Elinor Glyn.

to the occurrence of the 17th February.

Mrs O'Sullivan, wife of the caretaker,
stated she questioned Miss O'Neill about the
breaking of the press, and she replied that
she saw nobody in the building on the night
in question but Mr Coll.

Mr M Clarson, clerk in the Secretary's
office, gave evidence to the effect that he
had no knowledge of the press having been
broken. He arrived in the office the follow-
ing morning before 10 o'clock, and left
about 2 p.m. During that period he went
to the press, but did not notice it broken.

The Inspector asked Mr Lloyd, Chairman
of the Finance Committee, if he could throw
any further light on the incident, and he
replied in the negative.

Mr W Brazier, formerly a clerk in the
Secretary's office, was called by Mr Coll to
show that the press in question was defective.

Mr O. Coll, clerk in Mr Davison's office,
stated he was in the general office on the
night in question looking for pay sheets to
make out a return of road expenditure for
Mr Davison. Prior to February last he was
an official in the Secretary's department.

Inspector—Did you tamper with the
press?—No.

You required these pay-sheets?—Yes.

Mr Lloyd—Any official had access to the
press during office hours?—Yes.

Mr R Davison, County Surveyor, stated
at the time in question he required Mr
Coll's services in after office hours.

The Inspector—That closes the enquiry.

Mr Hewson thought the enquiry was un-
necessary, and a waste of public money.

The Secretary said he acted on the
direction of the Council.

Mr Hewson—I am not blaming the
Secretary.

Mr Lloyd—The Council asked for the
enquiry, because they had no power to take
evidence on oath.

DEATH OF A RELIGIEUSE.

The death which took place at the
Carmelite Convent, Roebuck, Dundrum, Co.
Dublin, on Friday, of Sister Alphonsus Mary,
of the Sacred Heart (Grace Isabella
O'Malley), has been learned in the city with
sincere regret. The deceased religieuse was
youngest daughter of Mrs O'Malley,
Glentworth Street, city, and of the late Mr
Patrick O'Malley. She made her religious
profession only a few years ago, and her
death has come as a great bereavement to
her mother and the members of her family.
