REPORT upon the PROPOSED MUNICIPAL BOUNDARY and DIVISION into WARDS of the CITY of KILKENNY.

THE Limits of the County of the City of Kilkenny are very extensive; and ANCIENT LIMITS. comprise the four Parishes of St. John, St. Patrick, St. Mary and St. Canice.

The City of Kilkenny formerly possessed a very considerable and flourishing State and Prospects. manufacture of Woollens, which of late years has almost entirely declined; the little that is now done being in few hands, and not giving employment to more than 300 people. There is a considerable trade in provisions, bacon, butter and flour, and also in starch. No increase has taken place by building for many years, nor is there any present prospect of it.

In 1831, the Population of the City and Liberties was 23,741. Population.

The amount of the Assessment by the Grand Jury of the County of the City County Rates. during the last year, was 3,556*l.* 17*s.* 2½*d.*, of which 1,396*l.* 18*s.* 2½*d.* was assessed on the houses in the City, and the remainder on lands.

There are no Taxes for Municipal purposes, such as lighting, paving, &c.; Local Rates. these being paid from the funds of the Corporation.
