LIMERICK.

By Particular desire there will be an Elegant DRUM this Evening at the ASSEMBLY HOUSE.

For three days past we have had several showers of rain and hail, the air has been intensely cold, which we hope will not damp the Farmer's joy, on the prospect of a fine harvest.

Last Thursday the 27th April, Richard Crosbie, Esq; having previously given notice of his intended ascent from the North Strand, and having made an experiment on his apparatus, a signal drum was sent out, and the process of inflation began at twelve o'clock. There was however, a scarcity of vitriol, which, although it would have damped the ardour of any other man yet it served to shew Mr. Crosbie's great perseverance and skill.

Mr. Crosbie's balloon, which cost him upwards of 200l was so much lacerated in the rugged spot where it fell, that it is rendered totally useless.

Brury Fair, which has been for several years discontinued, will be held on Thursday the 9th inst, and in future on the Days respectively set down in the Almanack, and will be Custom-free for two years. Every endeavour will be exerted to render these Fairs of general Utility, and worthy of the Patronage of the Public.

Yesterday a sailor belonging to the Christy sloop, lying at the Custom-house quay, was unfortunately drowned in attempting to get thro' the Flood gate in a small boat.

The Ann and Francis, Mallowney, for this port, sailed from Gravesend, the 25th ult.

N. B. All those who have any Accounts to settle with Mr. Crosbie, are requested to give them in as soon as possible. May 4, 1786
