SEAN'S
do their part

OUR duty, as we see it,
has been to keep up
supplies of our products and
maintain quality as near
old standards as possible.
It hasn't been easy, for many
material sources were
off.

THE alternatives we found,
usually at greater cost,
weren't always quite as good.
But we've kept up supplies,
and as far as was humanly
possible, we've maintained
quality. And we haven't
let continued the lines that
d best—

we've kept
every
one that
could be
continued.
