Commercial Aspect.

Import of Valuable Tea-Packing Machinery.

Barnard's projected 4 days' flight from the Aerodrome to Karachi, with a pilot of Bedford as passenger, is likely to shed light on the commercial possibilities of the aeroplane as an express freight carrier for great distances. We are informed that Lipton, Ltd., who are large importers as well as shippers of tea, are taking the opportunity to send out a special consignment of vitally important new equipment for their automatic tea-packing machinery. A representative of the company has just returned with the new season's tea is now being imported by Lipton's in India, and the introduction of the new equipment in record time is therefore a matter likely to have

of Justice under the Merchant Shipping Act. The distinction conferred on Captain Hanrahan who has been Harbour Master during the past five years is the reward of merit, and his appointment will be learned with pleasure by the Harbour Commissioners and the citizens generally.

DEATH OF MR. EDWARD LONG.

The death took place on Tuesday evening at Barrington's Hospital, after a brief illness, of Mr Edward Long, Athlunkard-street. The deceased, who was a member of Athlunkard Boat Club and Garryowen Football Club, enjoyed a wide popularity in the city, especially in sporting circles, and his demise at a comparatively early age has been learned with sincere regret.

The funeral to-day to Mount St. Laurence Cemetery was largely attended, and testified to the great esteem in which the deceased was held, and the sympathy felt with his widow and family in their bereavement.
