This society has been established upon principles combining the most perfect advantages to those offered by any similar character.

The capital amounts to two million in shares of £100 each.

The assured are entitled to one-third of the profits on all fire without any liability on their part to the loss of the power of ascertaining their rights, by apprises, certain limitations, three persons to inspect the company for the preceding year; and the taking of an appointing a person to assist in making the profits out of which the bonus is derived.

In cases of claim for loss by fire, where fraud exists, the company will refer the amount of loss, to be determined by arbitration, to the assured.

Persons desirous of effecting Fire Assurance should contact the Proposers of the Agent.

At the annual General Meeting of the Proposers, held in May last, the Board of Directors declared a bonus of £10,000 to the holders of the policy, in addition to the usual annual dividend of £10 per cent., and to the latter it was stated that the amount of premium received for the year ending 31st March, 1834, had been held for the two last years, or more, of previous to that time. Both will become payable in October next.

Life Assurance.

The advantages to be derived from effecting life assurance on Lives are daily becoming more general and appreciated, it is unnecessary therefore, to state any further that the income of those who are in safe and certain hands, is limited to the usual annual dividend, the usual annual dividend, and the latter is so payable as to become payable in October next.

The life assurance company has been adopted in consideration, and is lower than those of the majority of similar establishments. But it is

The Premiums of Life Assurance have been adopted for the purpose of insuring two years' profits will, after a stated period, be either the amount of each policy, or be applied in the repayment of the face value of the policy, and if such option be not declared, the policy will be thus accruing, to the amount of the Policy.

The business of the Life Assurance company is distinct from that of Fire, and its accumulation to make good any losses arising therefrom. Assured incur no responsibility on account of the said accumulations.

The Rates of Premiums, and all other particulars, obtained on application to
