

Creative Limerick

Call for Submissions: “Window of Time”

Creative Limerick is coordinated by the Economic Development & Planning Department at Limerick City Council in partnership with the third level colleges, creative industries, commercial property owners and their agents operating in Limerick City. This project seeks to enhance vibrancy and active frontages in Limerick City Centre and to provide active uses for vacant properties while promoting the work of the Creative Industries in our region.

Over the past five years Creative Limerick has facilitated artists in temporary studio and exhibition spaces; now we're introducing a new element for smaller spaces. “Window of Time” is an open call for artists interested in displaying individual pieces in window spaces around Limerick City.

*“A breeze, a forgotten summer, a smile...
all can fit into a storefront window.”*
— Dejan Stojanovic, *The Sun Watches the Sun*

If you're interested in participating or would like further information please visit limerickcity.ie/CreativeLimerick or contact us at creativelimerick@limerickcity.ie
