

Pedigree Sketches from the Book of Claims

Compiled by Noel Murphy

Source: - Limerick Archives. L/OC/2/1, L/OC/2/2 and L/OC/2/3.

When the corrupt Corporation of Limerick were seriously challenged in the Courts, it triggered a sudden rush for Admission as Freeman by all those whose legitimate claims had been blocked and denied to date. Each claimant had to supply proof of their right to be admitted Freeman. Parents had to be named and their marriage proved by producing Marriage Certificates. Proof also had to be produced of the holding of Freeman enrolment by Fathers of eldest first born sons, Fathers of the brides of the husbands of all other sons and proof of Freeman Status of the master of any apprentice who claimed by that route.

In these claims the parents, wives and master of many Limerick people will be found. Not only the mighty and wealthy but also the ordinary tradesmen of Limerick City. Hopefully many present day descendants will be able to trace their ancestors a further step back in time. [Each Claimant within each Group is printed in Blue.](#)

The original claims which were entered in longhand in the Book of Claims can be read on Limerick Archives site.
