Deaths of Five in City Family Due To Carbon Monoxide

It transpired at the inquest held this afternoon that the deaths of a mother and four children in one Limerick family yesterday morning were due to carbon monoxide from a banked-up coal fire in the bedroom.

An inquest was opened today in the Town Hall into the tragic deaths in one Limerick family yesterday of a mother and four of her children, who resided at St. Brendan's Street, St. Mary's Park, The City. The Coroner, Mr. D. J. O'Malley, sat with a jury, and the Garda Authorities were represented by Supt. J. P. O'Halloran, who was in charge of the investigations in the case up to date. Early this morning, Dr. Maurice, Stote Pathologist, carried out a post-mortem on the victims, the findings of which will be made known at the inquest.
