

...produce and its produce is of little value is no ready market. My client an enormous expense has determined the months of May, July, October, thus bringing a market to the very country, and the tenantry of the other will be open to all, and all shall benefit. This has become a grazing law for you to decide if fairs are not required for the disposal of the stock in the hands of strangers a well-established fair here, consider the amount of expenditure necessarily take place in this for the advantages of being able to sell for sale, without the expense and long journey, consider the improvement in the breeding of all kinds is always the result of intercourse and make farming their study and the advantages are so apparent that in the end, I feel I have occupied too much time will now proceed to lay the evidence

...erald, Esq., was then sworn by the ... by Mr. Molony. He said—I ... many years; I am well acquainted ... district; I have been for many ... establish fairs; they are now become ... easy; the country around is a grazing ... of great advantage to the farmers of ... fairs held here; it would also be ... to the inhabitants of Kilkee; I do ... be any disadvantage to the patentees ...
