LIMERICK.

M. BLANCHY, Printer, Deanward-street.

1852

To the Liberal Electors and Non-Electors of the City and Liberties of Limerick.

We present the Liberal Electors and non-electors of the City and Liberties of Limerick, with an entire List of the names of such persons as voted at the late Election of our City, and also with an enlarged analysis of the Poll they are documents full of interest and instruction, they present at one view the exact state of parties, they exhibit on one hand the combined action of the opponents of the people and on the other, the shameful tergiversation of many on whom the faithful but too confiding people vainly relied? the time therefore for action has arrived we must be up and stirring "we will not despair" our defeat cannot be of long duration, bright hopes and better prospects are before us, the Registry is the battle ground, the man who is entitled and neglects to place his name on the Registry betrays the sacred trust confided to his care "equally with those who refuse to vote, or vote badly" if even the Catholics who held back at our late Election had exercised their Franchise Limerick would not be reduced to the humiliating position she now occupies, of being represented in parliament by one whose principles civil and religious are so directly opposed to her own? as shown on the Analysis by the party who supported him, nor would she have to mourn the loss of so valuable and trust worthy a representative as that of SERGEANT O'BRIEN.

Referring to the Analysis the large array of Catholics at the Tory side would appear surprising if left unexplained, the number voting for Mr. Russell being 138, but of those only 61 belonged to the City the remaining 77 being Liberty voters and under the controul of tyrannical Landlords; or the cruel surveillance of bigotted and exterminating Agents; we have had however ample proofs of patriotism from Farmers in the Liberties "who never did nor ever will fail to do their duty under any pressure" and we know full well that when an opportunity shall again offer those who deserted and who now regret the course they took will not only remain firm "but feel anxious to repair the injury they have done their own cause and the cause of their unfortunate country" nor do we doubt but that the City Electors referred to are actuated by the same desire to retrace their steps with the exception of a few whose political delinquency seems to place them beyond the reach of amendment.

Among those of the City who voted for Mr. Russell were the entire bench of Magistrates for the borough with the exception of four. 4—The Mayor, Mr. Roche, Mr. Quinlivan and Mr. Shannon, and nearly one-half the Corporation also voted against the people, that body then whose existance depend on the popular voice should undergo a rigid scrutiny and be revised without delay."

It is the duty, the bounden duty of the Municipal constituency to remedy this evil, let them well recollect that it is from this body the Chief Magistrate of the City is elected, they now must know after the recent scenes we have all witnessed, the value of having a firm determined and conscientious friend in that exalted position. The Municipal Electors should likewise well remember that the Corporation is the only public body over whom they have controul "possessing authority and ministering public funds" they should therefore guard it carefully against every inroad of their opponents"they have to contend against large majorities of the Grand juries, the Market Bill Trustees, Bridge Commissioners, Board of Superintendance, &c. &c., all of whom will be sure to bestow patronage, place, favor, or employment, on those only who ally themselves to the Tory Party.' Once more do we warn the people to preserve their Corporation!—Municipal Reform cost many a hard struggle to achieve; all useful and good measures whether Civil or Religious! Local or National are more or less interested in its Independence and injured by its fall. What a loss has not that great question of Tenant Right sustained in consequence of our late defeat, by losing the Experience, Energy, Talent, and Honesty of SERGEANT O'BRIEN.

Let therefore the People before it is too late 'take their own business in their own hands" let public Ward Meetings be at once convened, let the fitness of those who aspire to their confidence be impartially examined into, in a word; let the Corporation be remodelled; all antagonists and unfaithful servants removed, and none "but honest efficient, and trust worthy friends Elected"

We are also bound to protect and even to reward the honest men who stood by their country in the day of trial, at the risk in many cases of loss and persecution and in some of utter ruin; reason and justice, nay necessity combine, to oblige us to take care of them. public opinion at least should be organized in their defence and brought to bear on such parties as persecute others for the conscientious exercise of the franchise, which of all others is the most valuable and sacred trust the law can confer on the subject, in as much as on its influence the well being and happiness of our country must depend, he then who by force, persecution, bribery, or otherwise prevents its due operation is an enemy to the law, to the state and to the people.

Notwithstanding all this, we regret to say, that many individuals have been persecuted for the honest exercise of the franchise at our late Election, we now entreat these enemies of the franchise and of freedom, to carry this base and unjustifiable conduct no farther, it is deplorable that there are beings to be found who call themselves christians so inhuman as to punish their fellow man, for using according to the dictates of his conscience, the only legal means he has to protect himself, his religion, and his country from persecution and slavery.
