THE REFORM ON R.T.E.'s "LIKE NOW" THIS SATURDAY

The Reform — one of Limerick's most versatile groups — will be on RTE's "LIKE NOW" this Saturday evening.

This group played relief to two famous English orchestras last year and earned the lavish praise of none other than Ivy Benson and Ray McVay. Their appearance on this "pop" programme should be good news for their many friends and admirers in our sixty-miles radius circulation area.
