"£300,000 start for Manfred's Big Band"

The new Manfred outfit — it has ten in the line-up and is called Chapter Three — has signed recording deals with Polydor (States and Canada) and Philips (Britain and the rest of the world). They guarantee them more than £300,000 for a start.

The new group made its debut in London over the week-end, and has already recorded an album ("Manfred Mann Chapter Three") and plans a single for the New Year.

The L.P. themes are all originals by Manfred and Mike Hugg. All but one of the vocals are done by Mike.

"Tabu" for Limerick

Great news this week that the old Big "C" Club will re-open on the 22nd of this month with the Granny's playing on the opening night. The club, which was closed down some time ago, will now have a new name along with a new management. The new name is "Tabu".

For the first few weeks the club will open two nights a week; of a Wednesday and Saturday night, and eventually there will be a Sunday afternoon dancing from three to six with top groups.

Further news of this club will appear in this page next week.
