SHOWBOAT

- Ever since Flo Ziegfeld gave the world the musical sensation **SHOWBOAT**, it has been running continuously somewhere in the world, just like "Charley's Aunt."
- It has been a major Broadway and London West End success, and has been filmed several times.
- It is said to have the most tuneful selection of hit numbers of any show ever staged.
- Limerick theatregoers will have the opportunity of seeing **SHOWBOAT** this Autumn when it will be staged at the Crescent Theatre by the Cecilian Musical Society.
- There's a treat to be looking forward to.

Private World

- Limerick band **PRIVATE WORLD** have just released a three track EP which has many innovative touches and a new approach which becomes apparent as one listens carefully to the music.
- With Pearse Gilmore on vocals, Declan Hogan on bass, Seamus O Muirheartaigh on drums, Brian Kelly on guitars, and James Hanley on keyboards and piano, this is a band which has quite a following in the Limerick area.
- "The Blue Sea Gem" should bring their work to wider audiences and it is a special treat to have their music on disc so as to preserve the distinctive style which has made their formative years so special.
- Tralee, Cork and Ballybunion are venues where they will be heard in the coming weeks.
