

pur- date of new dock gates; also to in-  
 tter view Messrs. British Steel Piling  
 was Co., with regard to their tendering  
 work for steel piling."

Arising out of the report,  
 the Ald. Russell inquired if any re-  
 port was now before the meeting  
 from the Engineer.

Chairman—No. As I have already  
 mentioned, the Engineer is indis-  
 posed, but I'm sure if he had any  
 information as a result of his visit  
 to London we would have a report  
 from him. As soon as we have any  
 definite information a special  
 Board meeting will be summoned.  
 ND Everything possible will be done to  
 re-speed up the work.

## LONGEST OCEAN LINER

built in the United States was recently  
 as at a pre-launching ceremony at Newport  
 liner will enter North Atlantic service in  
 ed passenger ship. Built as a U.S. Navy  
 e converted to carry twice as many troops  
 er.

## Will Ceremonies Be Postponed?

The Tercentenary Committee  
 City dealing with the making of  
 night arrangements for the holding of  
 leven celebrations ending on Sunday, 28th  
 give October, to commemorate the siege  
 tment of 1651, will hold a meeting to-  
 cover morrow evening to consider the  
 is:— question of postponing the cere-  
 13,000 monies for a week.

During the past few days it has  
 £4,000 transpired that Garryowen R.F.C.  
 10,000 had arranged to bring to Limerick  
 £4,000 on Sunday, 28th October, the  
 famous Lourdes Rugby team. The  
 Tercentenary Committee is most  
 £1,500 anxious to avoid a clash, and with  
 72,300 this object in view the Committee  
 is to meet to-morrow evening.

The Mayor (Mr. S. Coughlan)  
 told a "Limerick Leader" reporter  
 that he was most anxious to  
 facilitate Garryowen R.F.C. His  
 personal feelings were that the

arrangements would be made for  
 this matter to receive further atten-  
 tion on the part of the Limerick  
 City Council.

### PRIMARY EDUCATION

With regard to this matter,  
 which has been discussed at the  
 June general meeting of the Cham-  
 ber, when it had been decided  
 that no action should be taken, it  
 was reported that the Dublin and  
 Longford Chambers of Commerce  
 had expressed their views for sub-  
 mission to the Council of Educa-

## Limerick Art Headmaster Passes Away

THE deepest sympathy has been  
 occasioned by the sudden  
 passing of Mr. Richard Butcher,  
 which took place at his residence,  
 Barrington Street, last evening.

The late Mr. Butcher was head-  
 master of the School of Art, Muni-  
 cipal Technical Institute, Limerick,  
 for 28 years, having been appointed  
 to that position in December, 1923.  
 Ever since his coming from Eng-  
 land, he won an endearing place in  
 the hearts of those Limerick people  
 who admired his quiet and un-  
 assuming manner. Those who had  
 associations with him in the  
 "Tech's" School of Art, speak in  
 glowing terms of his ability as an  
 art teacher. His skill in the realm  
 of art was known throughout the  
 country; and some of his students  
 graduated from time to time to the  
 National College of Art, where  
 they were destined to win further  
 honours for themselves and at the  
 same time bestow credit on Mr.  
 Butcher.

The teaching staff of the "Tech."  
 and the City of Limerick Vocational  
 Education Committee held him in  
 the highest regard.

Actually Mr. Butcher had retired  
 officially from his post at the  
 Technical Institute as from the 31st  
 August, on having reached the age  
 limit, but the Committee found it so  
 difficult to secure an art teacher of  
 Mr. Butcher's talents that they  
 asked him to continue in the posi-  
 tion until a capable successor was  
 appointed. This he kindly did. At  
 the meeting of the Vocational Com-  
 mittee which dealt with his retire-  
 ment, opinions were expressed that  
 it would be very hard to find as  
 qualified an art teacher as Mr.  
 Butcher.

He had charge of close on 200  
 students daily.

### BEQUESTS OF THE LATE MR. H. WALLER

Mr. Henry Waller, of 27, Mallow  
 Street, Limerick, who died on Jan-  
 uary 8th last, left estate in England  
 and the Republic of Ireland valued  
 at £22,166 (duty paid, £3,150). He  
 left £500 to Herbert Hunt; £2,500  
 each to his nephew, Hardress  
 W. L. Waller, and his brother,  
 John T. Waller; £1,000 to his  
 nephew, Edmond S. Waller, and  
 the residue equally to his  
 nephews and nieces, Major John  
 T. Waller, of White Close, Clawton  
 Holsworthy, North Devon; Hard-

arrangements to the Irish title, the  
 words "City Hall" should also be  
 used.

### TRADE ENQUIRIES.

Letters received in this regard  
 are placed on the Board in the  
 Chamber's Reading Room for at-  
 tention of interested members.

### NEW MEMBER.

The meeting concluded with the  
 election of a new member—Mr. P.  
 O. Coffey, M.A., LL.B., Chartered  
 Accountant and Public Auditor, of  
 119, O'Connell Street, Limerick.

## All To See The Dublin Horse Show!

"BY the time I arrive back in  
 Australia I will have flown  
 more than 13,000 miles, and all just  
 to see the Dublin Horse Show," said  
 Mr. Eric Stephens, a Victoria sheep  
 farmer, at Shannon this morning  
 (writes our special correspondent at  
 the Airport). "But I consider the  
 trip worthwhile, for I have never  
 seen better jumping," he went on.

The sheep breeder from down  
 under, who is of Scots-British des-  
 cent, thought Irish hunters were  
 really outstanding, but he could not  
 understand why riders in the major  
 international contests must neces-  
 sarily be military. "It would be  
 much more colourful and also more  
 in keeping with the hunting field if  
 the riders wore the hunting dress  
 of their respective countries," he  
 said. "I first heard about the  
 standard of the Dublin Show from  
 an Irish priest, Father O'Reilly. He  
 maintained it was the best of its  
 kind in the world, and now, having  
 seen for myself, I thoroughly agree  
 with him."

## Film Camera Man For Carnivals

A cine-cameraman will attend the  
 Mountcollins and Tournafulla Car-  
 nivals, which will be run during  
 successive weeks from the 16th to  
 the 30th September. The carnivals  
 will help to relieve the parish debt.

On the two Sunday nights the  
 cameraman will film events and  
 personalities at the carnivals. On  
 the Thursday nights the films will  
 be shown, so that many of the car-  
 nival patrons will be able to see  
 themselves in natural circum-  
 stances.

Another interesting addition to  
 the usual carnival fare will be  
 hurling and football matches be-  
 tween well-paired local teams.

Mountcollins Carnival will be  
 from the 16th to 23rd of Septem-  
 ber. The Tournafulla fete will be-  
 gin on the 23rd and will end on the
