Hilarious satirical play

Limerick Festival of Irish Theatre enters its final week tonight with a continuation of the
very successful presentation of
"The Mundy Scheme" (Brian
Friel) by Gemini Productions.
This first-class play provides
a satirical picture of the Irish
political scene . . and a hilarious solution towards solving
the problems in the West.

Ann Rowan.

The Government is facing a dire financial crisis and the solution suggested by the Minister for Foreign Affairs, who arrives home after six days "gallyanting around the world" is the development of the land in the West as an "international graveyard" designed for the American market. Niall Tobin as The Taoiseach; Liam Callaghan, Robert Carricksford, Robert Carlisle Snr. Edward Byrne, Dermot Crowley, Liz Davis and Ann Rowan complete a magnificent cast.

a magnificent cast.

its club ATHLUNKARD Boat Club's role in rowing will be restructured to cater for every sporting activity in St. Mary's parish. This was revealed by the president, Mr. Jack Cowhey, at the club's annual dinner which was held on the premises on Saturday night

The spacious premises and grounds of Athlunkard Bost Club would be available to groups of boys or girls who might wish to train in their favourite sports.

ourite sports.

It was hoped that some of these young people would, through this scheme, be attracted to rowing, and that that scheme would be a valuable incentive to the recruitment of rowing members.

Mr. Cowhey said at the outset that the running of a rowing club today was no easy task, and the recruitment of rowing members was a major problem.

There were 200 paid-up members in the club, and each one was in his own way contributing to its upkeep. Considerable voluntary work was being done in the club, but if the new scheme were to succeed they would require more helpers and helpful criticism.

helpful criticism.

"I appeal to you all on behalf of the outgoing committee to give the new committee, should they adopt the scheme, all the aid in your power," he continued. "We all have a duty in this; in the present day there is a great lack of social contact, and a club like Athlunkard can provide it. We want helpers, willing helpers, and we will be particularly glad to hear from anyone with specialised knowledge in sport."

Committee

Mr. Louis Murnane, vice-president of the club, speaking to the toast of "Athlunkard Boat Club and Rowing," said the club had now for the first time a rowing committee, and from this a captain and vice-captain had been nominated for the coming season.

The committee would cater for the various grades in rowing and next season special attention would be given to the training of a championship maiden eight.

More interest in the affair of

Mr. Cowhey stated they were finding it increasingly difficult to recruit rowing members between the ages of 15 and 19 and hold them in the sport for three or four years. As an incentive to these boys to join the club, the committee had decided to provide a sports centro athletic club to cater for table-tennis, judo, swimming, soccer, and in fact any sport in which there was an interest.

Spacious

The spacious premises and frounds of Athlunkard Boat full would be available to groups of boys or girls who might wish to train in their fav.

Professional

"The new college of physical education is the envy of the country," he continued. "It will give a professional approach to sport, it will bring sport back in the city and country, and help the nation to take its place in international competition." The college would, he added, be of great help to rowing. Four Limerick boys were at present being trained in London for the college and would be back in Plassy in 1973. Paying a tribute to the citub president, he said: "Jack Cowhey has helped to bring us where we are in sport today; we could not have a finer, more dedicated man in sport."

Welcomed

Rev. Fr. Walsh, C.C., who deputised for Right Rev. Monsignor Lee, P.P., welcomed the club's decision to extend its influence in sport and said it could provide a new outlet for the youth of the parish.

Rev. Fr. Michael Kelly, president, St. Munchin's College, replying on behalf of the club, said Athlunkard had announced a very ambitious programme, and he was confident it would attract youth. However, if the programme were to succeed, it would have to be strictly supervised by dedicated people.

Mr. Jim Crowe, former presidents

would have to be strictly supervised by dedicated people.

Mr. Jim Crowe, former president of the LA.R.U., and a trustee of the club, welcomed the guests. They included the Mayor, Councillor Gus O'Driscoll; Mr. Steve Foley, Shannon Rowing Club; Mr. Peter Lawless, president, L.B.C.; Mr. Dick Roche, vice-president, do.; Mr. Tom Tobin, president, do.; Mr. Tom Tobin, president, St. Michael's; Mr. Bertle Wixted, chairman, Limerick Citizens' Regatta; Mr. John O'Farrell, Credit Union; Mr. Phillip Dundon, Parish Council; Rev. Fr. Walsh, C.C., St. Mary's; Captain Kevin Donnelly, Harbour Master; Rev. Fr. M. Kelly, president, St. Munchin's College, Mr. Austin Reid, do.; Mr. Jack Gleazer, and the Press.

A very enjoyable social followed,
