Limerick Oarsmen Honoured

Historic Ceremony of Jubilee

Vol. 77. No. 14344.

ONE of Ireland's oldest past oarsmen, Mr. Alma Fitt, was guest of honour at a presentation dinner in the Limerick Boat Club on Saturday night to mark the occasion of his diamond jubilee year of membership of the club. Two other former oarsmen, Mr. T. E. O'Donnell, solr., and Mr. W. F. Treacy, were also honoured at the function, which was the most successful in the club's history.

Important points raised in the after-dinner speeches included references to the reorganisation of Limerick Citizens' Regatta, provision of pleasure boating facilities for members and tourists in the city clubs, the laying down of a slipway for boats at Arthurs Quay, and a national rowing seminar which will be held next February.

the maidens and limish them of as good juniors; the seniors themselves. On the morning following their Union Cup victory, Jack Harkness, the captain of the crew, called on Murray with morning newspapers and asked: "Well, Mr. Murray, what do you think of our performance?" Bruce blandly replied: "I think the maidens rowed a very intelligent race." His brother, Not Mary, worner for the club in maiden races and as a junion was successful in each of the six races in which he competed, and thus set up what was probably an unique record for an oarsman.
