COURT CLAIM OVER LOSS OF HUSBAND

THE accidental death of a
workman, as a result of rat
poisoning, was responsible for the
deceased's widow, Mrs. Mary Hig-
gins, Ballingarry, Garryspillane,
Knocklong, and her five dependent
children making a claim under the
Workmen's Compensation Act in
the Limerick Circuit Court on
Tuesday before Judge Barra
O'Brian, S.C.

The respondent to the action
was Richard McCarthy, Ashfield,
Knocklong, a farmer, by whom the
deceased was employed at the
time.

Mr. M. V. Fitzgerald, B.L. (in-
structed by Mr. L. Walsh, solr.)
was for the applicant; and Mr.
Wm. Binchy, B.L. (instructed by
Mr. P. G. Collins) was for the re-
spondent.

DIED FROM RAT POISONING.
Mr. Wm. Leahy, solicitor, who
appeared for three children of the
deceased's first marriage, as well
as the deceased's two brothers and
sister, told his Lordship that they
were not making any claim.

Mr. Fitzgerald said that the case
was part heard at the previous
sittings. The case arose out of the
death of the applicant's husband
as a result of rat poisoning. There
were very serious difficulties in the
way of the applicant proving her
case, and an offer had been made
which he had recommended the
applicant to accept. The sum
offered was £600. The applicant's
husband was in the employment
of the respondent when he met
with the particular injury. The
applicant and her five children
were the only dependents, and the
maximum total that could be re-
covered in respect of them was
£1,200. The only obstacle in the
Act was that his Lordship must
determine the lump sum, or, in
other words, approve of the settle-
ment.

APPLICANT PROVES RIGHT.
After the applicant had proved
her right to compensation, the
Judge found that the amount of
compensation by agreement was
the sum of £600 and held that the
applicant and her children were
the only members of the deceased's
family who were dependents.

Counsel submitted to the Court
the terms of the allocation of the
money.

COURT ACTION OVER WINDOW IN CATHEDRAL

The Representative Body of the
Church of Ireland, 51 St. Stephen's
Green, Dublin, were applicants
against the Limerick Corporation
in a criminal injury claim for ma-
licious breaking of a stained glass
window and a donation box in St.
Mary's Cathedral, Limerick, on the
28th August last.

Mr. J. de Courcy, B.L. (instructed
by Mr. A. J. Blood-Smyth, solr.)
for the Representative Body of the
Church of Ireland, said it was
agreed that the damage caused to
the window was £27 5s. but the
claim for £2 in respect of the don-
ation box was not agreed upon.

Mr. W. Dundon, solicitor, was for
the Corporation.

THREE BEFORE COURT.
Sertg. Farrell gave evidence of
the damage caused. Three culprits
were before the District Court as
a result of the offence. One of
them, who was 18 years of age, was
given a suspensory sentence of two
months, and the two others—ju-
veniles—were sent to Maryborough
House for one month.

To Mr. Dundon, witness said that
the donation box was made out of
wood and might have cost £2.

John Sparling, caretaker of St.
Mary's Cathedral, said in evidence
that the splinter of the donation
box were broken off and it had
been taken off the stand. It would
cost about £2.

Sertg. Farrell, recalled, said that
the culprits gained access by
breaking the window.

DECREE GIVEN
The Judge gave a decree for
£28 15s. with costs—£27 5s. in re-
spect of the window and 30/- for
the donation box.

Mr. Dundon said there appeared
to be a prospect of recovering
something, by way of compensa-
tion to be paid as a result of the
District Court proceedings, and
he would ask that the applic-
ant give them credit for any
sum collected in connection with
the damage. He was sure that
they would be prepared to do that.
Mr. de Courcy—The applicants
are prepared to do that.

GARDA RETIRES
Garda Michael Mahon, of the
Garda Siochana Station, Bruree,
has retired on pension after over
20 years service (writes our local
correspondent).

Garda Mahon spent the past 18
years in Bruree and during that
time, he made many friends over
a wide area, who, though regret-
ting his departure, wish him many
years of pleasant retirement. He
was a most efficient officer of the
force, who carried out his duties
in an impartial and fair manner,
and thus won for himself a high
measure of popularity and respect.

**THE LIMERICK PIPE
BAND**

At a recent meeting of the
Limerick Pipe Band the following
officers and Committee were el-
ected:—Chairman, Mr. John
O'Dwyer; Secretary, Mr. Patrick
Purcell; and Treasurer, Mr. Peter

Minister For Education At Three Ceremonies In Limerick To-Day

THE Minister for Education, General R. Mulcahy, T.D., in Limerick to-day,
performed three ceremonies that had a direct bearing on the promotion of
education. The ceremonies, which took place in St. Munchin's Parish, were
preceded by the celebration of Mass.

The Minister, at Hasset's Cross,
opened the very fine National
School, which is under the direc-
tion of the Christian Brothers. At
the conclusion of this ceremony
he laid the foundation stone of
a National School for girls in the
heart of the Ballynanty Beg
housing scheme. The Minister then
proceeded to the Salesian Convent
at Fernbank, where he opened a
new wing in the National School
conducted by the Salesian Com-
munity.

With the Minister were the Right
Rev. Monsignor Moloney, P.P.,
V.F., the other clergy of the
parish, Rev. Bro. Clancy, Superior-
General of the Christian Brothers;
Rev. Bro. Healion, Superior of the
new school; Mr. M. J. Keyes,
Minister for Posts and Telegraphs;
the Mayor (Ald. G. E. Russell),
the City Manager (Mr. M. Mac-
ken, B.A.), Ald. D. B. O'Malley,
T.D.; Ald. John Carew, T.D.;
Senator James Reidy, and other
public representatives.

The ceremonies began with the
celebration of Mass in St. Munchin's
Church, the celebrant being
Right Rev. Monsignor Moloney.

MINISTER'S ADDRESS
After performing the opening of
the school at Hasset's Cross, the
Minister was presented with an
address of welcome in the form of
a scroll of Celtic design. The scroll
was presented to him by 12 year
old Anthony Finn, a sixth class
pupil, who lives at Killeely. The

all those who had made the building
of the new school possible. He
remembered the Limerick of 50
years ago and recalled the old
C.B.S. school, which existed in
St. Munchin's Parish then. Com-
paring that building and the
one which had been opened to-day,
it was impossible not to be
acutely conscious of the wonder-
ful transformation which had
taken place. He offered sincere
thanks and congratulations to
Monsignor Moloney and all the
other people responsible for build-
ing the new school. The school
had been in the thoughts of the
Minister for many years, and
now he had the great satisfaction
of seeing it opened. In his (Bro.
Clancy's) opinion, it was the most
beautiful of all the schools he
had seen in his travels (applause).
He felt sure that the outlook of
children educated in such nice
surroundings could not but be
improved. The Christian Bro-
thers were proud to be placed in
charge of such a noble building
and proud also to be associated
with another step forward in the
uplifting of the intellect of the
Irish people.

In conclusion, Bro. Clancy paid
a high tribute to boys who sang
at the Mass in St. Munchin's
Church earlier in the morning.

MONSIGNOR MOLOONEY
Right Rev. Monsignor Moloney,
in the course of his address,
thanked the Minister for Educa-

In a special tribute to the Sisters
of Mercy for the financial assist-
ance they had rendered towards the
new school, he said that the good
Sisters had recently been severely
criticised. Such criticism, however,
was unfair when one remembered
all that the Sisters had done for
Limerick. He pointed out that
when the new girls school at
Ballynanty Beg was completed
the Sisters would be placed in
charge of it.

"WONDERFUL TRANSITION"
Mr. M. J. Keyes, Minister for
Posts and Telegraphs, said it
gave him great pleasure to be
present at the opening ceremony.
A wonderful transition had taken
place in education in Ireland, and
the Christian Brothers were in
the forefront of it now as always.

The building of such a splendid
school as well as the building of
hospitals and houses for the people
was merely an example of what
could be done by native Irish
Governments, no matter what
political party was in power. Ireland
could take her place with any
country in the world in the mat-
ter of schools, hospitals and hous-
ing.

Mr. Keyes brought forth a loud
cheer from the pupils when he
suggested that the Minister for
Education give them a free day
from school. This being agreed on,
Mr. Keyes brought forth an even
louder cheer when he suggested
that the boys be given a second

THE NEW SCHOOL OPENED AT HASSETT'S CROSS.

scroll was designed by Rev. Brother
P. C. Redmond, who is at-
tached to the Christian Brothers
in Limerick.

The Minister, who, after the
opening ceremony, addressed a
class of boys in the new school,
spoke in Irish. He said that until
people were equipped with proper
knowledge, they would not have
the strength to do the work put
before them by God.

He appealed to the pupils to keep
a firm grasp of the Irish language,
which, he said, had been the
spoken tongue of the country for
thousands of years. Through it
the people had received the teach-
ing, guidance and the blessings of
God, and through it also they had
prayed.

The Minister said that the people
of Limerick had done great work
in helping to build the new school.
He paid a tribute to Rev. Brother
Tatten, who, he said, founded
Colaiste Mhuire.

SUPERIOR-GENERAL
Rev. Brother E. F. Clancy,
Superior General of the Christian
Brothers, said he wished to thank

free day in addition. This was
also granted.

The Mayor, Ald. G. E. Russell,
exhorted the boys to be proud
of their school. The building of it
had been made possible through
the sacrifices made by their
fathers, mothers and grandparents,
he said.

Rev. Bro. Healion, Superior, also
spoke, thanking the Minister for
Education, Monsignor Moloney,
and the builders and architects.

AT SALESIAN CONVENT
At the Fernbank ceremony, the
Minister for Education was pre-
sented with an address of wel-
come in Irish. Afterwards a
reception was held in Ardu
House Hotel.

The new school at Hasset's
Cross was erected at a cost of
£60,000. E. & J. Doran, Limerick,
being the builders. The building
contains ten classrooms, which
will provide accommodation for
480 pupils. In addition, there is a
science room with accommoda-
tion for 20 pupils. Architects of
the project are Robertson, Keefe
and Devane (Dublin). Chevalier
P. J. Sheahan, F.R.I.A.I. designed
and planned the Fernbank school.

Compensation Claim Because Of Time

BECAUSE his application was not made
statutory six months and he had no
cause under the exempting provision of
not doing so, a city mason failed with
claim under the Workmen's Compensation
Limerick Circuit Court yesterday.

THE claim for compensation was
brought by Christopher Joseph
Cavanagh, 14, Caledonian Place,
Limerick, a mason by trade, against
Daniel O'Sullivan & Sons, Ltd.,
O'Curry Street, Limerick.

The applicant claimed that on the
10th May, 1954, at the National
Hotel, Limerick, while in the em-
ployment of the respondents, he
received a fracture of the bone of
the left foot, caused by stones
falling on his foot and his being
accidentally kicked on the left foot
by a fellow employee.

Mr. M. V. Fitzgerald, B.L. (in-
structed by Mr. P. G. Collins, solr.),
was for the applicant, and Mr. W.
Binchy, B.L. (instructed by Mr. D.
G. O'Donovan, solr.), appeared for
the respondents.

TIME LIMIT PLEA.
Mr. Fitzgerald, in outlining the
application, said that the applicant
did not regard it as a serious in-
jury and kept on working for
various employers. Gradually the
condition of his foot got worse.
There was a plea by the respon-
dents that the proceedings did not
commence within the time limit
according to the section of the Act.

Mr. Binchy said that they were
relying on that plea.

Mr. Fitzgerald said the applicant
did not know the injury was serious
until there was an x-ray, when a
fracture was discovered. He asked
his Lordship to hold that the applic-
ant was not aware his case was
serious until after November 20th.

Christopher Joseph Cavanagh,
mason who walked to the witness
box with the aid of a stick, said he
was employed by the respondents
in cutting openings for new win-
dows in the National Hotel. He
went there on the 22nd March, 1954,
and was employed up to the 24th
May, 1954. He had an apprentice,
James Flynn, working with him
the whole time while he was there.

STONES FELL ON HIS FOOT.
Witness described that when
large stones were taken down, he
got the help of a labourer while
he was cutting out. As he moved
around at his work large stones
rolled over and caught his foot.
He got caught with large stones
several times during May and was
also hit on the foot by smaller
stones. On several occasions he
had to remove his boot. On the
20th May, before he left, he was
sitting in front of the building cut-
ting the plinth stone and his two
feet were under a casing. His two
feet were on reinforcing-irons
beneath the casing and were pro-
jecting inside the casing. A
labourer, Cyril Benn, was working
inside the casing and accidentally
kicked his left foot on the inside
of the instep.

Witness said he next went work-
ing with the Corporation until the
9th July. After that he went to
McCaffrey and O'Carroll about the
20th July. He finished with them
on the 24th September. He took
a rest when he saw the foot get-
ting worse. He then consulted Dr.
Burke at Barrington's Hospital in
the first week of November, and
had it x-rayed. Dr. Burke put the
leg in plaster in or about the 10th
or 11th of November, and it was
in plaster for about three weeks.
He ascertained that he had a frac-
ture of one of the bones of his left
foot. It was out of plaster for
some time, and on the 10th Febru-
ary it went back in plaster again
for six weeks.

DID NOT THINK IT SERIOUS.
Cross-examined by Mr. Binchy,
witness said he knew in the first
week of November that the bone
in his foot was fractured when Dr.
Burke said he would have to put
it in plaster. He did not think the
injury was serious and that was
the reason why he delayed bring-
ing the proceedings.

Further replying, witness said he
got a second plaster on his foot on
the 10th February and was not
aware until then that he had a
serious injury.

Dr. Noel Burke, Barrington's
Hospital, gave evidence that the
applicant consulted him about the
middle of November last. He did
not know at the time if his injury
was serious. He had his left leg
placed in plaster after finding a
fracture in one of the bones
following an x-ray. He thought the
bone would unite and that every-
thing would be alright.

Cross-examined, witness said it
was manifest to both of them that
it was a serious injury.

**PROVING REASONABLE
CAUSE.**
Mr. Fitzgerald said that the onus
of proving reasonable cause for the
failure to bring the proceedings
within the prescribed time rested

on the applicant.
