QUESTIONS PUT TO MINISTER

Limerick schools building projects outlined in Dail

In the course of replying, this week, to written questions put jointly by Deputies D. O'Malley and P. Clohessy in the Dail, asking for particulars of the proposed school building programme in Limerick City and County, and the present position in each case, the Minister, in regard to the proposed new Schools of Commerce, Music and Art in the city, said it was hoped shortly to convey a decision. A number of new national schools are also contemplated.

Referring to the question put to him about the proposed Schools of Commerce, Music and Art, Dr. Hillery said: "Working drawings and specifications submitted for the adaptation of the former County Infirmary premises are at present under examination. It is hoped shortly to convey a decision thereon to the City of Limerick Vocational Education Committee."

In relation to the proposed extension and renovation of the Technical Institute, Limerick, the Minister said: "Definite proposals in regard to this project have not yet been submitted by the Committee."

NATIONAL SCHOOLS

In reference to the Sexton Street Convent and Infants' School (with accommodation for 792 pupils) the Presentation School, the Minister said: "The erection of this school is in progress."

"For St. Vincent de Paul Convent and Infants' School (704 pupils), a suitable site has been offered by the Reverend Manager," said the Minister "and the plans have been approved, and when other arrangements have been completed the Department will sanction a grant towards the cost of the erection of the new school."

Ballinacurra Weston Girls' School (640)—"A suitable site has been offered by the Reverend Manager," said Dr. Hillery. "Certain preliminary arrangements, which are being attended to, will have to be completed before the Department will be in a position to sanction a grant towards the cost of the new school."

He gave a similar reply in the case of the proposed new **Gerald Griffin C.B.S. (Bridge Street, 400 pupils)** and **Corbally Infants' School (120)**.

A site has been offered for a separate **St. Patrick's Boys' School** and a report as to its suitability is awaited from the Commissioners of Public Works.

It is also proposed to provide a new school on or near the **Enn's Road**, as the accommodation in **St. Munchin's Christian Brothers' School** is insufficient for that side of the city.

The question of extending **Fernbank Salesian Convent School** to accommodate 400 pupils, is under consideration.

A warning and prison sentences

"At a recent Court I stated that any persons convicted of this type of offence would go to jail. I intend to keep that promise and I will send the present defendants to jail." This was stated by Justice D. F. Gleeson in the City Court to-day, when three defendants were charged with taking a motor-cycle on Good Friday without the consent of the owner and having no insurance certificate in force.

They were **Clement Hannigan, 16, Greenmount Avenue, Ballinacurra Weston; Henry J. Hockidy, 28 Hyde Road Avenue, Prospect, and Anthony Blake, St. Mary's Park**

Supt. P. Murphy prosecuted, and Mr. B. Geary, solr., appeared for the defendants and pleaded guilty.

Supt. Murphy said that Hockidy took the bicycle from outside a premises in O'Connell Street and the three went down the Dock Road, where Hockidy and Blake took turns at taking spins up and down the road. They then decided to go to Cork and on the journey they took turns at driving the machine. They were arrested by the Guards in Cork. There was no previous convictions against them and they came from decent families and were not the usual type that came before the Court.

Mr. Geary said that he had little to add to what the Superintendent had said, except that the conduct of the defendants was inexplicable.

The Justice remarked nobody's life would seem to be safe on the roads with such conduct and made the statement quoted at the outset.

He then asked the Superintendent if this type of offence was common.

Supt.—There has been quite an amount of it. We have a lot of trouble with cars, too.

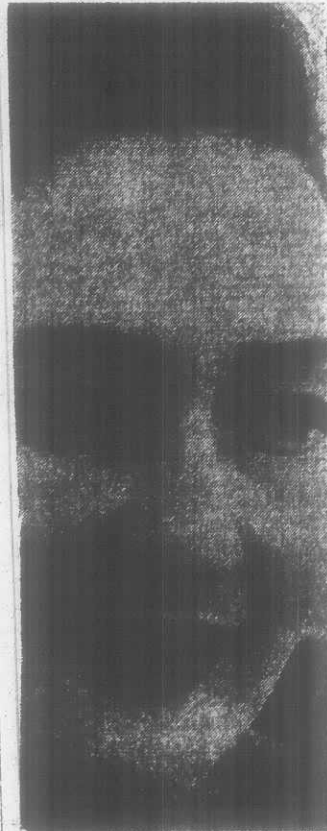

Justice—I have given specific warnings about these types of offences and I will send each of
