

(L. Cuffe and Sons' Report.)

Supply of cattle considerably smaller, there being a decrease of about 600; demand for best qualities good, selling at a slight advance; other sorts without change. Supply of sheep larger; heavy sheep sold fairly, but all others dull, and at lower prices. Prime beef, 60s to 63s; secondary and inferior, 54s to 58s. Wether mutton, 8 1/2d to 9d per lb; ewes, 8d to 8 1/2d. 1,117 cattle, 4,203 sheep.

(Ganly, Sons, and Co's. Report).

Beasts, 1,117; decrease, 608. Sheep, 4,203; increase, 676. Veal calves, 37; increase, 2. Beef maintained last week's prices fully for 1st and 2nd qualities, the lower sorts not suiting the requirements of the holy season's feasting. The great increase in sheep was fairly met by the demand for present home consumption; lambs of top quality 40s to 46s; whilst other classes descended down to 21s each; farmers should only send up the fat ones and those not under 12 weeks old. Mutton in wool, 8 1/2d to 9 1/2d; shorn, 7d to 8d. Veal, 6d to 9 1/2d per lb. Comparative numbers, and prices, 1888:—Cattle, 936. Sheep, 3,250. Calves, 62. Prime Beef, 60s to 65s per cwt. Mutton, 8d to 9d. Veal, 6d to 8 1/2d.

[BY TELEGRAPH.]
