The Quality Hotel and Leisure Centre Limerick

LOCATED on John Carew Road, close to the Southern Ring Road bypass from the N7 to N21 and New, the Quality Hotel & Leisure Centre is one of several new hotels filling the skyline.

Location is everything and this hotel occupies a large site at Roxboro, making possible a host of services. The 35mn euro development has secure car parking facilities, is close to Colbert Station and within minutes of the city centre.

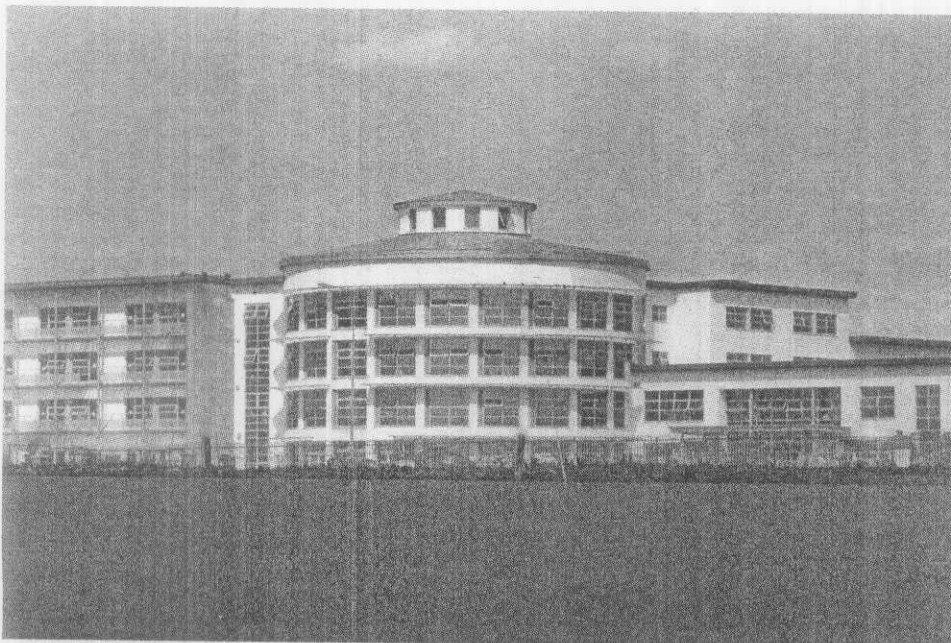

As one of Ireland's fastest-growing chain of hotels, Quality Hotel & Leisure Centre Limerick continues the company's commitment to contemporary design. The centrepiece of the hotel is its open atri-

um area that spans four floors, illuminated by the drop of a cubic five-floor chandelier.

All of the 143 superior guest rooms, 26 two bedroom suites and 4 one bedroom suites have satellite TV/ DVD facilities.

The 16 meeting rooms suites curve around the atrium area and contemporary art work and furniture/fittings design give an edge beyond the ordinary.

Other facilities at the Quality Hotel & Leisure Centre Limerick include wi-fi for the meeting room Bar 23-19, the first floor Lannigan's Restaurant Club Vitae leisure club and beauty salon, and plenty of parking space.
