

SEAMUS HORGAN

The uprise of Seamus Horgan, can in great measure, be attributed to the decision of the special commission that enquired into the state of Limerick hurling a few years ago, to insist on each division organising a senior hurling championship with a minimum of six teams.

The west had only a single senior team, and no championship in 1971; but the 1972 competition turned up triumphs, and produced a great final, in which Tournafulla defeated Killeedy.

In the subsequent play-off for the county crown, the Tournafulla boys beat a fancied Abane and were only ousted from the competition, following a replay, with Patrickswell.

It was in his series of games that the real worth of Seamus Horgan as a net minder, came to light, and when called to the county colours last autumn, he was an immediate success—continuing to improve through the National Hurling League campaign, in the final of which he made his first Crofts Park appearance last May, with Wexford providing the opposition.

His display in the recent Munster final against Tipperary, at Thurles, was his best to date, and which has him on the cusp of the unbelievable—despite the handicap of playing with a bad shoulder injury, which was aggravated in that game and which kept him on the side line against London, when Jim Hogan proved a great deputy.

Educated at Tournafulla N.S., and Newcast West Vocational School, Seamus played on the Limerick Intermediate team, defeated by Kerry in 1972, his initial game in county colours.

Seamus is only goalkeeping with his club since 1970, previous to which he played half forward.

On the home front, he helped Tournafulla win the West Junior Hurling Championships of 1970 and 1971 and the senior crown last year, when he was also goalie of the Mount Collins team that won the western junior football championship.

Two brothers, Pat and Tim, were colleagues of his on the Tournafulla side in all their successes since 1970.

Seamus Horgan, county senior hurler, in action.

land colleges senior shut putt and discuss, he brought the College of Science trophy to Limerick for the first time. This trophy is the blue ribbon of hurling and is highly valued by the school with the most points.

Pat has East Limerick medals in juvenile football, won in 1963 and senior hurling, 1971 and 1972. Runners-up in two county senior hurling finals—1971 to Cloughaun. He helped his club, South Liberties, win the coveted crown last year.

Pat must have almost a record for under age appearances in the county colours. He played minor hurling for Limerick for four years from 1965 to 1968, and minor football all three years from 1965 to 1967.

Pat was first picked in under 21 hurling in 1966, and played for six successive years, plus five in football from 1967 to 1971. He won on both intermediate hurling and junior football teams in 1968, and later that season gained promotion to the senior side, in both codes, in which he has figured in helping Limerick to win the National Hurling League and Oireachtas Cups in 1971, and the Munster Championship this year.

A member of the Munster Railway Cup team, for the past two seasons, during which he also got the Carrolls All-Star award in 1972, a very enjoyable trip to San Francisco. His most memorable occasion was a day in 1968 when he played three games—intermediate hurling and junior football against Waterford and county senior cup game with his club—South Liberties.

On the home front, he helped Tournafulla win the West Junior Hurling Championships of 1970 and 1971 and the senior crown last year, when he was also goalie of the Mount Collins team that won the western junior football championship.

N.S. helped his club, Patrickswell, win the city and county senior hurling championships of 1954. Three years later he was in the winning of junior hurling honours for Patrickswell. Then he showed himself a most useful player with the big ball foot by winning city and county junior football honours in 1964 and again in 1970.

He was to win two further senior hurling medals with the club in 1969 and 1970, as well as figuring prominently on the teams that brought Duggan Cup, Kerryman Cup and New Ireland Shield honours to the parish.

Phil was a member of the Limerick senior hurling side that first came to prominence in 1970, when it worked its way to the National Hurling League final and he has missed very few of Limerick's engagements since—in fact, the occasional days he was absent showed up more than anything else his value to the side—for he was sorely missed. Phil is a player of great resource, limitless courage and tenacity, whose great determination has to be admired by friend and foe alike.

It has the reverse effect, of course, of turning nearly every player into a star, and the possessor of a second head, which he takes out of an ice box at vital stages in a game, and with cool and calculated neatness, devastates the fond hopes of a whole hurling county, and their countless followers.

Ritchie Bennis, county senior hurler, in action.

The name O'Donoghue has been associated with Munster hurling for longer than most of us care to remember, and the subject of our sketch, Liam O'Donoghue, has an uncle and four cousins, all of whom were All-Ireland hurling medals in some grade with Limerick.

His father, Joe, after winning a hurling medal in 1908, 1908, and 1917, and the Munster Cup medal with Munster N.S., was a member of the great Munster team of the 'forties, with whom he won several trophies.

Liam has two brothers, Ger and Josie, the former the winner of Dr. Harty and All-Ireland Colleges hurling medals, with Limerick C.B.S. in 1968; the latter, collecting an under 151 award and Dean Ryan Cup junior hurling medal in the same year.

Liam collected his first hurling and football C.B.S. and under age awards gained there in 1964 and 1965 mark the start of a very fine collection of trophies.

Called to the County Minor hurling team in 1969 and 1971, he was on the hurling and football sides without a break since 1962. It is a fair commentary on the level period Limerick suffered, that his only inter county successes before this year, were secured in 1971, when the National League and Oireachtas Cups were won.

He holds the rare distinction for a Limerickman, of having played on both Railway Cup teams—hurling, in 1968, 1967, 1968, 1970, and 1971; football, in 1969. He was selected for the Ireland hurling team in 1968 in which year, he also played in the Cardinal Cushing Games in New York with Andy Linnis.

Liam O'Donoghue, county senior hurler, in action.

After parting with the green and white in 1968 he was inclined to lose interest but a fortunate decision to join the Dublin club, the making of him hurling wise. He found congenial company in Faughs and plenty of matches to play in the Dublin League and championship, which built his appetite for hurling and he won his Dublin senior hurling championship medals in 1970 and again in 1972.

The Limerick selectors then got interested again and he returned to the defence for the 1972 national hurling league campaign, but his great speciality, the side step, which he played full forward in the recent Munster final against Tipperary—a gamble that really paid off.

The great spate of senior football successes the county enjoyed over the past few years, somewhat off the O'Learys, who at the commencement of the great football run were giving every indication that it was a very short period before the barrier and crash to All-Ireland success with the county.

Often might be written the most unlikely team of the recent past, comprising the likes of great heights against some of the finest teams in the competition, and were considered on most occasions unfortunate to suffer very narrow defeats, resulting in their relegation.

An extra tall, well-built, strapping lad from Shinnuree caught the practised hurriers eye early in the county colours, and was called on enquiring further, he learned that he was Joe McKenna, who had played in all grades for the county, after he graduated to the senior ranks at St. John's College in 1968.

He was selected for the Ireland hurling team in 1968 in which year, he also played in the Cardinal Cushing Games in New York with Andy Linnis.

# GUARDED OPTIMISM BY THE NORE

## JIMMY WOUFFE IN KILKENNY

### TRAVELLING TO Croke Park to cheer on their team on All-Ireland hurling final day is an experience much more regularly presented to Kilkenny people than to the supporters of the green and white.

However, this does not blunt the enthusiasm of the Nore. "I don't think we will win, because we have too heavy tickets as heavy as ever."

But there is guarded optimism about the outcome of the match among their supporters. On a visit to the historic city of Kilkenny during the week of the hurling, Jimmy Wouffe, who dropped into the town on his way to the final, said he was in the city to see the hurling. "The last final I was at was in 1947 when we beat Cork. Jimmy played that day and he had a wonderful game."

"Despite the injuries I am sure we will win on Sunday," predicted Pierce.

Perched on a stool beside him was Sean Walsh, who looks after the young hurlers attending the local C.B.S.

"There are very good prospects there in the young lads," he informed me, but he is not too happy about Sunday's team and their chances. "It is hard to see Kilkenny winning. Most people here seem to be pessimistic about the outcome of the game but, of course, when the chips are down Kilkenny are hard to beat."

**JIM LANGTON**

"The man of the house is none other than Jim Langton, a statement of the Kilkenny hurling in the '40s. He played on the team which was beaten by Limerick in 1940, giving Limerick their last All-Ireland victory."

"It was a very close game. As far as I remember it was Mick Mackey who beat us when he moved to midfield in the second half."

**ANDY**

Andy, as a goalkeeper, looked an exciting prospect at this stage. He played on the county Intermediate hurling side as a half-forward in 1966, and put up a score of 1-5, which, however, was not sufficient to avert a defeat by Clare, 6-6 to 5-3.

This display gained him promotion to senior ranks, and he has been on the panel of the county hurling team since. He helped Limerick win the Oireachtas Cup in 1971 and came in as a sub in the National Hurling League final of 1970 and 1972, as well as the recent All-Ireland senior hurling semi-final against London.

**JIM ALLIS**

(Doon)

Jim Allis learned his hurling at Doon C.B.S., and he helped them win the "Limerick Leader" and Dr. Rodgers Cups, collecting a few medals in school athletics.

Jim played in all grades from juvenile to senior with Doon Club, and he was on the under 21 hurling side that placed a trail in winning the Eastern Junior Hurling Championships of 1966. They beat Bruff, 3-12 to 2-4, in the final for the county crown at Pairc na nGael on 24th September, 1967. The following season he displayed his prowess in football when helping to win the Eastern Junior Football Championship.

Jim's first inter-county recognition came in under 21 ranks. His initial outings were quite successful—wins over Kerry, 3-4 to 1-3, and Tipperary, 2-6 to 1-3. This qualified them for the Munster final against Cork, who had a great team that year, and who won 5-12 to 2-6. He later played in intermediate ranks before getting the call to senior colours, in which he has given sterling service.

Jim has played on some of the best forwards in the game today, notably Tony Doran, Babe Keating, Charlie McCarthy and Ray Cummins, and the experience so gained has proved of immense value. His preference is for the full-back line, in which he has given some very satisfactory performances for both club and county. His greatest triumph was in winning the 1971 Oireachtas Cup final, in which Limerick beat Wexford 4-12 to 3-8. He was on the Limerick team that following year beaten by Munster—in the National Hurling League final.

Jim is an agricultural officer.

**Pierce Campion** . . . "We will win."

"In the end Limerick beat us 3-7 to 1-7. There were very few injuries and the play was very clean," he recalled. "When I asked him how many times he played in a final, a tatty little book was handed out from under the counter and a quick search was made through the records it contained and after a few minutes he replied that he played in seven." "I was on two winning teams," he said, in a more definite tone of voice.

About the Limerick team he said: "They are a good, young team. Any team which comes out of Thurles, beating Tipperary in their own back yard, are something to be looked at. Like many of his fellow countrymen, he is not

Jim Langton . . . "I don't think we will win."

Sean Walsh . . . "When the chips are down Kilkenny are hard to beat."

Trainer, Mick Lanigan . . . "Limerick go in hard the whole time."

# Meet the Limerickmen who won All-Ireland medals

**SENIOR HURLING (Six)**

1887 — Limerick (Kilfinane), captain; James (Sean Og) Hanlon, Maurice Ryan, Patrick Flynn, Mick Finn, Michael Downes, Tom Brazill, John Finn, Patrick O'Brien (Kilfinane), John Condon, John Hynds, Pat Aulicahy, Patrick Butler (Cappamore), John Reidy, goal; Jim Gottrill (Ballingarry), Jim Flood (Cannelline), Patrick Buskin (Croon)—Seventeen aside.
