

ASSOCIATION.—The annual meeting of the members of this association was intended to be held at the Markets yesterday at eleven o'clock, but owing to the fact that a number of the members were out of town it was decided to adjourn it till Wednesday.

**DISPENSARY COMMITTEE.**—A meeting of the members of this body was held in the Board Room at Barrington's Hospital yesterday, shortly after twelve o'clock, Alderman Thomas Gaffney, J.P. (in the chair). The others present were—Mr David Begley and Mr M Hartigan. The business transacted was routine, and of no public interest.

**SALE OF CATTLE ON THURSDAY NEXT.**—At Barna, Pallasgrean, on Thursday next, 15th inst, Mr F W M'Carthy, Auctioneer, will hold an important sale of forty dairy cows, agricultural implements, hay, &c, for Mrs J Beary, commencing on the lands at one o'clock. The cows are in fine condition, and those requiring such would do well to attend the sale. Particulars will be seen in our advertising columns this evening.

**THE DESTRUCTION OF A FOX COVER AT CRAGARD.**—Mr Richard Coplen-Langford writes in reply to correspondence published by us on this subject:—"I beg leave to state that the fox cover was generally known as Kilcosgriff though not being on the Coplen-Langford estate, which have been in my family over two centuries. If Mr Hishon thinks it was for the poor of the neighbourhood the bon fire took place he is at liberty to do so. The cover had been recently cut down to thicken it, therefore the gorse could not be very gross for firing."

**DEATH OF SERGEANT GINNELLY.**—We regret to announce the death of Sergeant Ginnelly, the officer in charge of Thomondgate District, which took place this morning at the Police Barrack. The deceased was stricken down but a few days ago with inflammation of the lungs, and the news of his unexpected demise has been received with much regret by the force in the city, and by all who knew him. He was a zealous and highly intelligent officer, and had some 23 years service. Sergeant Ginnelly has left a widow and a large young family to mourn his loss.

**FUNERAL OF THE LATE MR. BERNARD KIRBY.**—The remains of this much respected citizen were removed yesterday at 12 o'clock from St Michael's Roman Catholic Church for interment at the New Cemetery. The funeral was a very large and representative one, and included several clergymen, the Mayor, High Sheriff, and other members of the Corporation, and a very large proportion of the Confraternity with which the deceased had been connected for many years. The chief incurners were the Rev Robert Kirby C.C., and Mr John Kirby, brothers of the deceased.

**THE COMING OPERA RECITALS.**—Mr Collison's great Dublin and Belfast success will be produced in Limerick on Friday evening next. The prestige which he and his company have made is remarkable, everywhere they have appeared having reaped a rich harvest of praise. The idea of producing an entire act from an opera as part of a concert is a very original one, and one which has met with universal applause wherever this brilliant concert party have performed. With such a splendid cast as those announced any performance of the kind must be a success, and we understand that it is expected—and it

Limerick Junction and Tipperary. A well laid field, beautiful order, and good humour helped much to a good day's enjoyment, Mr J Cullinane, Bansa, acted as referee to this as well as two other matches played on the same ground, and his decision, unprejudiced and just as they were, gave universal satisfaction, and disputes which sometimes do occur on such occasions, were therefore avoided. A strong north westerly wind prevailed all day, which was anything but pleasant for the spectators, and as the goal posts were plac'd almost east and west, we were unable to witness as much bold dashing play as was expected from two such crack teams. Sport during the hour was almost altogether confined to one corner (south-east) where the leather was taken continually by the wind, without much help from the kickers, and only by the utmost exertions could be driven out. Those playing against the weather aimed at nothing more than defending, as it seemed fruitless to even attempt more.

At 2.30 both teams were on the ground. Templemore, winning choice of sides, selected to kick with the wind for the first half hour. On the referee throwing up the ball, the Commercials made a decided rush and attempted to carry play well into Templemore territory, but our friends from Tipperary were not to be caught napping, and defended their ground successfully, and very soon put the Shannon men on their defence in touch, with the result of drawing first blood by scoring one forfeit point. The Commercials tried hard to regain lost ground, and with a good dash, in which some splendid play was exhibited on both sides, took the leather against the wind, and sent it over the goal line. A fine kick from Templemore's full-back sent the ball well into the Commercials grounds where it remained almost for the remainder of half time, with the result of adding three more forfeit points to their credit. At half time the score stood—Templemore 4 forfeit points, Commercials nil. On sides being changed it seemed understood generally that as the boys from the premier county had not added more to their score while being favoured by the elements their opponents now being helped by the weather should score heavily, and the result justified such conclusions. The Commercials now, instead of defence tactics, only adopted the role of aggressors and again and again fought to send the ball under the cross-bar. Repeatedly the gallant Tipperary boys repulsed the attacks and several times rushed the Commercials quarters. Notwithstanding, the latter were not long in placing a goal to their credit and very soon eight points (six of which were forfeits) which decided the match in their favour by one goal and four points in excess of Templemore. Our readers will be glad to hear that the redoubtable "Malachy" played with the Commercials. Umpire for Templemore, Mr J Ryan; for Limerick, Mr E J Long. As the match was held over since last year, it was played under the old rules. The Commercials will have to meet Louth, the result of which will decide the football championship of 1887. It would be desirable to finish this quickly.
