BARRINGTON'S HOSPITAL.

Barrington's Hospital is a landmark, so to speak, in the City and County of Limerick. Through the munificence of the Barrington family it was opened so far back as the year 1831—ninety years ago. Lenihan in his history of Limerick observes that "in seasons of severe epidemic, as at the outbreak of the cholera morbus in 1832, the hospital was of incalculable benefit to the citizens, as it has been also in all cases of accidents whenever immediate relief is demanded by the sufferer." Fortunately for a long span of years there has been no dread visitation in our city such as that just quoted, but through successive generations down to the present day the hospital has accomplished to the full its mission of mercy and philanthropy in the cause of the sick and suffering. Its doors are open day and night for the reception of cases of accident, of the bread-winner, maybap, suddenly stricken down in the pursuit of his avocation, whatever it may be, and who within the walls of Barrington's Hospital is afforded all the unremitting care and attention that the best medical and nursing skill can bestow on him. Barrington's has thus established for itself a splendid record of work done in the present and in the long distant past. It has won for the Institution the high esteem, indeed the affection of all classes, employer and employe alike, in the City of Limerick. But like many other institutions that minister to all good works to the alleviation of human suffering, trials, and vicissitudes, Barrington's has during the past few years felt the pinch of soaring prices, as regards the actual cost of living and of upkeep, from whatever point of view it may be regarded. It is, therefore, very much to be regretted that the financial position of the hospital is a parlous one just now. It is described in the report presented to the annual meeting held yesterday afternoon as "rapidly getting worse." This very unwelcome intelligence is explained by the following figures—The ordinary exenditure for the past year totalled £4,023, the receipts for the same period came to but £3,194, leaving a deficit on the twelve months of £829. Adding to this the deficit for the years 1918 and 1919 there is now a total indebtedness of £1 883 Thus a very heavy burden, despite most careful and economical administration, rests on Barrington's Hospital. Something must be done, and that speedily, to liquidate that debt, or at all events sustantially reduce it, if the work of the hospital is to be carried on with its wonted efficiency and effectiveness. To curtail the number of free beds would simply mean the infliction of great hardship on the deserving poor, and it is useless to look forward to increased charges from patients, for, as the report informs us, these have been already raised to the maximum. The Committee therefore, earnestly appeals to the public for the monetary assistance which is manifestly so urgently needed. We have no doubt whatever that the appeal will not be made in vain. A Flag Day Collection kindly organised by Mrs Crowe, a representative of the Borough Council on the Hospital Committee, who was assisted by many enthusiastic workers, was recently held with successful results. It is now suggested that a Hospital Sunday at the various city churches for Barrington's and the two other most deserving city hospitals should be held, and the receipts "pooled." Also that a scheme for raising funds for Barrington's on the lines adopted in the case of the Mater Hospital in Dublin should be put in training. It will be for the incoming Committee to give these suggestions consideration. When put into practice—they or some such like programme—they will command the hearty suppors of the people of city and county. The claims of Barrington's have never been made in vain, and, as in the past the public, in whatever form they may be invited to do so, will, we feel assured, rally to the support of the cause of Barrington's Hospital, which should really need no pleading.

OUT AND ABOUT.

A number of cases of influenza have appeared in Ennis, but happily the outbreak is of a mild type, and there have been no serious developments.

Col. Williamson, R.M., was the only magistrate presiding at the County Petty Sessions to day. The business for disposal consisted of one unimportant case.

Rev H P Morris, Rector of Ballinaclough, Co Tipperary, who has many friends in Clare, has been presented by the Lord Bishop of Gloucester to the parish of Icomb, Stow-on-the Wold.

On Tuesday the postman proceeding to Kilmaley, was held up at Beechpark, and all the letters, some of which contained money, and parcels were taken. The next day all the letters were returned intact.

The death took place in Cork on Thursday of Mr. Arthur Hill, who for many years filled a prominent and highly successful position as engineer and architect in that city. Deceased was in his 75th year.

A horse, frightened by a West Clare train, took to flight, throwing the occupants, Mr Killeen and an old woman of 70 years, Mrs Edward Roche, Miltown Malbay, to the ground. Mr Killeen was slightly injured. Mrs Roche's leg got entangled in the spokes, and was badly injured.

BIG AMBUSH NEAR MACROOM.

A Two Hours Fight.

Commander and Constable Killed.

An official report issued in Dublin yesterday states:—

About seventy Cadets and Auxiliary policemen, accompained by seven constables of the Royal Irish Constabulary, were attacked this morning at Coolavohig by a party of rebles estimated to number about four hundred, who were entrenched in the hills between Ballyvourney and Macroom, County Cork.

After a fight lasting about two hours a number of the Crown Forces were dispatched for reinforcements, taking with them a number of their wounded comrades.

Full details of the battle are not yet to hand. The Crown casualties, as at present reported, consist of Major Seafield Grant, M C, of the King's Own Scottish Borderers, Commander of the forces, killed; five cadets wounded, and an R I C constable and driver seriously wounded. It is not yet known if any casualties were inflicted on the attacking party.

A later report received at Dublin Castle states:—Relief parties of Auxiliary police and military have arrived at the scene and are in hot pursuit of the rebels.

The death of a constable was later reported.

Two Attackers Killed.

A Cork correspondent says that the bodies of two Republicans were found, and further on a wounded man was picked up.

The Commission of Assize for the City and County of Limerick will be opened at 11.30 o'clock on Thursday morning next, the presiding Judges being the Lord Chief Justice and the Hon Mr Justice Wylie. BARRINGTON'S HOSPITAL.

Annual Meeting.

Financial Difficulty.

The annual meeting of the Governors of Barrington's Hospital was held last evening in the Chamber of Commerce. Sir Charles Barrington, Bart, presided. There were also present—Mrs O'Brien, Very Rev Dean Hackett, Sir Alexander W. Shaw, J.P, T. Bourke, B.C, J. B. Barrington, J.P, G. R. Ryan, C.E, Dr W. A. Fogerty, J. Gilligan, B C, Mrs E. Crowe, B.C, Dr W. J. O'Sullivan.

The minutes of last general meeting having been read, the report was presented as follows by Dr Fogerty:—

"Eighty-ninth Annual Report of Barrington's Hospital, for the year ending December 31st, 1920.

"The Committee in presenting their annual report to the Governors and Subscribers and other friends of the Hospital, are sorry to have to inform them that the financial position of the Hospital is rapidly getting worse. The total ordinary expenditure for the year was £4 023 7s 10d, and the receipts for the same period £3,194 7s 8d, leaving a deficit on the year of £829 0s 2d. In 1918 there was a deficit of £197 8s 0d; in 1919 a deficit of £856 14s 2d, which together make a total indebtedness of £1,883 2 5d. The Hospital is thus rapidly piling up a very heavy debit balance and steps must immediately be taken to reduce it. The Managing Committee feel that every effort has been taken to keep expenditure at the lowest possible point. The Hospital, like all old buildings has a heavy repair bill to meet every year, and the Committee has endeavoured to economise in every way, still the necessary repairs, painting, and renewals have cost £345 8s 6d during the year. The Hospital charges have been raised to the maximum. The reduction of the number of free beds might go some way towards balancing the account, but the Committee are reluctant to adopt this course, recognising the great hardship it would be to the poor. With the facts before the public the Committee earnestly appeals for assistance to enable them to carry on the good work which the Hospital has been doing for so many years. At the last General Meeting a similar state of affairs faced the Committee and a strong appeal was made, but we regret to say that little was done to help to finance the Hospital, or to reduce the heavy debt. A successful Flag Collection was organised during the year by Mrs Crowe, a representative of the Borough Council on the Committee, assisted by many enthusiastic and willing workers, and realised a goodly sum. It does not appear in our accounts for the period under review, as it was held one day too late, viz, January 1st, 1921.

"Especial thanks are due to the Linen Guild for their generous gift of clothes and linen, per Mrs J B Barrington. The Committee also wish to thank the County Borough Council for their annual grant of £400; and friends who continue to send gifts of fruit, vegetables, flowers, jam, etc, for the use of the patients, a list of which may be seen at the end of this report; to the hon medical, surgical, and dental staff for their kind and gratuitous services; to Dr Dundon, Miss Coffey, and the nursing staff; the ladies of the Sewing Society, and the numerous subscribers and benefactors; War Hospital Supply Dep. surplus funds to endow bed in Children's Ward; to the Press of Limerick for their support of the claims of the Hospital at all times.

"Your thanks are also due to Lady Shaw and Mrs Fitt for their continued interest in the Children's Ward, for which they collect the funds, and which has been kept fully occupied during the year."

Mrs O'Brien proposed the adoption of the report.

The Dean, in seconding, said he regretted the financial position of the Hospital. They were running into debt at the rate of £800 a year, and in face of that how were they to carry on? Barrington's Hospital was a great benefit to the poor and middle classes of Limerick, and it would be a great disaster if it were to close for want of funds. In order to meet the situation, he suggested that a Hospital Sunday should be held at all the city churches for the benefit of the institution. An appeal could be made to the different clergy to arrange the collection at the churches, and in that way the financial strain would be relieved. In Dublin such a movement was in existence, and he believed if it were inaugurated in Limerick it would be successful. He was glad to see that Mrs Crowe's Flag Day had resulted in a sum of over £100 being collected, but they wanted something bigger to meet the difficulties.

Mrs Crowe agreed with the Dean's suggestions She thought, before any such step was taken, the Bishop, Most Rev Dr Hallinan, should be consulted.

Mrs O'Brien—Then there are St John's and Bedford Row Hospitals to be considered.

Mrs Crowe—Yes. The money could be divided between the three hospitals.

The Dean concurred in Mrs Crowe's view.

The Chairman said the Hospital had got tremendously into debt, but that was due altogether to the cost of provisions and other things due to war conditions. At the same time every other hospital in the Kingdom was in the same difficulty—in the same boat. However that was no consolation for Barrington's, and economy should be practised as much as possible. He had been a governor of the hospital for fifty years, and as long as he could recollect they were in debt and got out of it again. He agreed that the Committee should exercise the greatest economy, and a recommendation of that kind should be sent forward to the Committee.

Dr Fogerty said that the Committee had exercised the greatest economy over expenditure. Provisions had increased in price from £1,456 in 1919, to £1,915 in 1920, an advance of £459. The Committee had reduced the cost of fuel by £100, and also in what was known as domestic expenditure.

Mr Bourke suggested that the Committee might also consider the advisability of organising a sweep stake in aid of the funds, same as had been done for the Mater Hospital, Dublin.

The Chairman—An excellent suggestion.

The report was adopted.

On the motion of Mrs Crowe, seconded by the Dean, a resolution was adopted to the effect that an Hospital Sunday be established, and that the Bishops and clergy of all denominations be asked to support it; that the money be distributed amongst the three city hospitals.

The following were elected on the Committee—The Mayor, J B Barrington, J.P; F J Cleeve, Mrs Crowe, Dr W A Fogerty, G E Goodbody, Dean Hackett, T Bourke, A Murray, Rev Fr O'Connor, Dr W J O'Sullivan, G R Ryan and Sir Alexander Shaw, J.P.

The Hon Secretaries, Sir Charles B Barrington, and Dr Fogerty were re-elected.

The proceedings closed with a vote thanks proposed by Mrs Crowe to Sir Charles Barrington for presiding and for his deep interest in the institution.

IRISH FARMERS' UNION.

Annual Congress.

The annual Congress of the Irish Farmers' Union was opened on Thursday in the Royal Dublin Society, Mr R A Batley, President, in the chair.

The chairman referred to the fact that recently it was stated that the Irish Farmers' Union would put forward candidates for the Irish Parliament. Before any member or organiser could make any such statement the view of the Union should be ascertained. The matter had not been considered by the National Executive. This was a non-political body, and any action taken would have to be considered. He went on to say that they were all glad the recent outbreak of foot-and-mouth disease was stamped out. He protested against the discrimination shown between Ireland and England in cases of outbreaks of foot-and-mouth disease. So far as live stock were concerned, cattle were holding their own, but sheep and pigs had gone down. He commented on the fact that they were paid 1s 5d or 1s 6d per pound for pigs, which was not in proportion to the present charges for bacon. He thought farm produce was bound to go lower, and he thought farmers could not be expected to keep up til age if it did not pay. Their National Executive strongly opposed the importation of Canadian stores, and were organised to send a delegation to the meeting to be held in London on the 9th March.

Colonel O'Callaghan Westropp was appointed vice-president for Munster.

Mr John Meagher (Kilkenny) proposed a resolution, which was adopted, protesting against the importation of Canadian stores.

A resolution proposed by Mr Lenihan (Cork), seconded by Col O'Callaghan Westropp, in connection with foot and mouth disease restrictions in Ireland and England, was refered to the Standing Committee.

TWO DIVISIONS OF ACCOMMODATION LAND
Comprising about 16 acres 3 roods 34 perches (statute) adjoining.
TO BE SOLD BY PUBLIC AUCTION AT THE AGRICULTURAL HALL, LIMERICK,
On Saturday, 12th March, at 12 o'clock.
(IN THREE LOTS.)

EBRILL BROS. are instructed by Wm Barrington, Esq. to sell, as above, this very Attractive Residential Holding and Accommodation Land.

The Residence is a picturesque two-storied dwelling, with red tiled roof, containing entrance porch, lounge hall, 4 sitting-rooms, 5 bed-rooms, servant's apartments, kitchen, with range, with fireproof concrete, staircases and passages, 2 lavatories, bathroom, with h. and c. water, radiators and drying closet, scullery, pantry, dairy, storeroom and workshop, there are two stair-cases to the upper storey. The out-offices stand within an enclosed yard adjoining the house, and comprise a range of stabling containing 4 loose boxes and stall, harness room, coach house, garage, large loft, granary, calf house, cow house for 12 cows, two large piggeries, 2 out-houses, galvanized roof hay barn to hold 60 tons, covered shed for timber and turf. There is an abundant supply of good water for the house, pumped by a hydraulic ram which requires no attention in working.

There is a well stocked and enclosed fruit and vegetable garden adjoining the residence, and there is a flower garden, tennis court, and pleasure ground, planted with ornamental shrubs, surrounding the house, with entrance gates and drives leading to same.

The lands are nearly all in grass, divided into suitable fields, well fenced, and with a good water supply. They are naturally of excellent quality, and have been kept in good heart and sound condition, and yield abundant grazing for any class of stock. Portion of the lands have been tilled recently, and yield excellent crops. At one end of the holding away from the residence is a slated house with a plot of ground, which is at present sub-let to a weekly tenant at £10 per annum. The interest in lieu of rent payable out of this lot is £39 18s.

The Accommodation Land is in two divisions, one lying between the Blackwater River, on the road to Doonass, and containing about 15a 1r 36p, Statute Measure. This is a very handy compact division of accommodation land of excellent quality, yielding first class meadowing or prime grazing for any class of stock, with a never failing water supply from the Blackwater River, which forms one of the boundaries of it, and most conveniently situated for many purposes. The interest in lieu of rent payable of this lot is £9 7s 0d per annum.

The other division lies to the south of the road to Doonass adjoining the second Holding, and containing about 1 acre 1 rood 38 perches, statute. This division has been recently tilled and newly laid down in grass, and is in excellent heart at the present time. The interest in lieu of rent payable out of this lot is 9s 9d per annum. These two divisions can be very easily worked as one, and form a very valuable addition to any farm.

The three holdings adjoin the main road from Limerick to Clonlara, about 4 miles from Limerick Railway Terminus, about a mile from Clonlara P & T Office. There is a public letter box at entrance gate.

The three holdings are held under agreement to purchase under the Land Act, 1903 to 1909, subject to interest in lieu of rent amounting to £50 5s per annum at present, and reducing to about £47 on lands been vested. The P L V is £47 3s on lands, and £31 5s on buildings. There is a tenantable charge of £10 1s 6d of the Board of Works for repayment of loan which has about 8 years to run chargeable on lot 1.

The residential holding is undoubtedly one of the most attractive, within convenient distance of the city. The residence itself is a thoroughly modern up-to-date dwelling, most conveniently plannned, and built to a very attractive design, requiring but little outlay for upkeep and repair. It is equipped with every modern improvement internally. Nearly all the timber work consists of well seasoned native oak, with iron casements, and it has been regularly painted and kept in order.

Usual commission of 5 per cent to be paid by purchasers.

COURTMARTIAL AT LIMERICK.

Accused Discharged.

At a Field General Courtmartial in the New Barracks on Thursday,

Michael Dwane, Ballylanders, was charged with having in his possession on the 14th inst (1) four rounds revolver ammunition and (2) a military waist belt.

Prosecutor produced the Proclamations in virtue of which the proceedings took place.

The accused pleaded not guilty, and was defended by Mr Michael Comyn, K.C (instructed by Mr R Fox, solr, Kilmallock).

Evidence was given.

A military witness stated that on the date named he was one of a party of military and police who searched the garden attached to the house of accused, near Ballylanders. Under a heap of stones witness found a Government waist belt. He found nothing else. Michael Dwane was in the house at the time.

Cross-examined by Mr Comyn—He swore in his summary that the house was that of Thomas Dwane. All he wished to state was that the accused and other men were in the house, which is not far from Ballylanders. The garden went out to the road, and anybody from the road could step into it at night. There were other people in the house when the search was made.

Another military witness deposed that he remembered 14th instant, when he was with the patrol. The search took place at Ballylanders, in the premises of the accused, and he took it this house belonged to him. Witness found four rounds of revolver ammunition in an old iron pot outside the back of the house. The accused was not present when the ammunition was found. He came up after, and witness had seen him about the place.

The witness identified the belt found, and he identified the accused as the man he saw about on the occasion.

Cross-examined—The pot seemed to be no good, one that had served its time. There was some hard clay in the pot. He believed the house and garden was owned by the father. He had said in his summary the property was that of the father of accused.

To the President—He found that by asking.

A military officer deposed he was with the search party, and in charge of it. Certain premises were searched, just outside Ballylanders.

President—To whom did this house belong to.

Witness—Michael Dwane, or rather the house of his father. Witness was searching outside the house, and he gave directions to his men. One of his men found the belt, and it was produced. He now identified it.

Continuing, the witness saw another man produce an automatic revolver bullet. Three other cartridges were found like the first, and the accused was present when the last cartridge was found.

In answer to the President,

The witness stated the accused whom he did not know at the time said he knew nothing about the ammunition found.

By Mr Commyn—The belt was of the 1916 pattern, and probably used by any force. He did not know accused had three brothers in the army. He knew there was one in the Canadians, but did not know if there was one in the New Zealand Force. The pot seemed to be rather a good one.

A police witness said he was with the search party. The house was that of Thomas Dwane, father of the accused at Gristen. He saw the belt found, and the accused said it was left by a brother on furlough from the army. Accused denied any knowledge of the four rounds of ammunition, and said he did not know if it was a legal offence to be in possession of it.

By Mr Comyn—Thomas Dwane, the father, is the owner of the premises and land. After the search the accused gave every facility. On a previous occasion the accused rather resented a search as that of a man who thought the place should not be searched. The place is about a quarter of a mile from Ballylanders.

To the President—I did not caution the accused.

This closed the case for the prosecution.

Mr Comyn submitted there was no evidence whatever on which the accused could be convicted. He would also submit that in the circumstances the accused should not be put on his defence. For that counsel should have to produce witnesses on his behalf. Counsel held that the father of the accused was the owner of the premises and garden, and in possession of the articles thereon. There was no evidence to rebut the *prima facie* presumption that the father was in the possession of the articles, and it was not shown that the accused was a member of any illegal organisation, and therefore the presumption that the articles in question belonged to the father had not been discharged.

An adjournment took place to obtain the view of the Commanding Officer, and on resuming,

The President announced that the Court had found that the evidence was not sufficient to convict the accused, who was accordingly discharged.

BABY WASTED AND QUITE HELPLESS.

Could not Move from Sheer Weakness Cured by Dr Cassell's Tablets.

Mrs D Rogers, 89, George Street, Pontypool, Mon., says:—"Dr Cassell's Tablets have worked almost a miracle in curing my little boy, Fred, of wasting. He was only 14 months old when it came on, and very soon he was helpless. He could not move a muscle. Then he began to waste away with diarrhoea till he was nothing but skin and bone. He vomited, too, and even went blind with weakness. For five months he couldn't see at all. Really he was a dying child, and though I did everything possible there seemed no hope.

"Then I tried Dr Cassel's Tablets, and imagine my delight when shortly after he began to move. He improved rapidly, and now at 2½ years he is just full of health and activity, and as plump as a little dumpling."

Dr Cassell's Tablets are the perfect modern home remedy for Nervous Breakdown, Malnutrition, Wasting, Anæmia, Sleeplessness, Indigestion, Kidney Trouble, and Premature Decay. Specially suitable for nursing mothers and women of middle age. Sold by chemists and stores in all parts of the world. Prices: 1s 3d and 3s the 3s size being the more economical. THE MAILS QUESTION.

At a meeting of the Cork Harbour Commissioners it was decided to send a resolution passed on the subject of the mails delivery to the G.S and W.R directors. Mr Newsom said that Mr Morley, of the Limerick Steamship Co, urged that that they should concentrate on two points—the arrival of the mails in Cork, Limerick, and Galway not later than 9.30 a.m, and trains to run right through to Kingstown without calling to Kingsbridge.

ENNIS UNION.

Mr L Ryan, Vice-Chairman, presided at the last meeting. There were also present—Messrs M Quin, D McNamara, Jas Lynch, P Hehir, M O'Donoghue, J Roughan, P J McNamara, and P Maley.

CLOTHING CONTRACT.

For certain articles of clothing, to be of Irish manufacture, there was but one tender, from Messrs M O'Dea and Co, and it was accepted.

THE ASSISTANT MASTER.

Mr Quin drew attention to the fact that their Assistant Master had been arrested, and asked was he allowed his full salary.

Clerk—No; half salary—25s a week.

Mr Quin—Well, I propose that he be paid the full salary. It is a bad policy, when a man is sent to jail, to cut him back in his salary.

This was unanimously agreed to.

CHARGE FOR PATIENTS.

The Clerk mentioned that the military had sent over to hospital some men who had been prisoners at the "Home," and it would be necessary to charge for their maintenance. They were suffering from some sort of illness, and were sent over for treatment.

Mr Quin—The only thing is to charge the military authorities for their maintenance.

The Clerk gave the names of the men, and said that one of them had gone home.

It was decided to make a charge for each prisoner of £2 2s 0d a week, and to request payment from the military authorities

There was a general discussion on the charges for maintenance, and the members seemed to be of opinion that they should be raised.

Mr Quin suggested a scale something like that of the Co Infirmary, by valuation, and it was agreed that the following should be the scale—Under £5, free; over £5 and under £10, 1s 6d a day; £10 to £15 2s a day; £15 to £20, 2s 6d a day; £20 to £30, 3s a day; £30 to £40, 4s a day; over £40, 5s a day.

Mr D McNamara suggested to charge small traders and such people according to their means.

It was agreed to leave this an open question for the present.

The question of securing payment was left in the hands of the Clerk, it being mentioned that the rule in the Infirmary was to enforce payment before the patients left the house.

WEST CLARE RAILWAY COMPANY.

The annual general meeting of the West Clare Railway Company was held at 39 Dame street, Dublin, on Thursday. Dr W Lombard Murphy Chairman presided, the other directors present being—Messrs John J Dudley, G V Murphy, E Anderson and James Lynch.

The Chairman, in moving the adoption of the report, said the Clare railways were still under Government control. The receipts of the undertaking consisted of the moneys collected at the companies' stations, irrespective of the company to which they belonged, and of the additional sums provided by the Government through the Irish Branch of the Ministry of Transport, to cover the increased cost of materials and wages, and to put the companies in substantially the same financial position as in the year 1913. The moneys collected at the stations in 1920 amounted to the sum of £29,88[illegible], or £14,822 more than the actual receipts, as ascertained by division, for the year 1913; but whether the whole of this sum, or how much of it, belonged to these companies there was no means of knowing. On the other hand, the expenditure in respect of the working of the railways for the year 1920 amounted to £76,695, as against £52,848 in 1919, £43,161 in 1918, £32,127 in 1917, £28,653 in 1916, and £23,381 in the standard year 1913, showing an increase on the latter year of £53,214. This sum, but for the existence of control, would have fallen upon the guaranteeing ratepayers. The net results of the year's trading were, in the case of the West Clare Company a loss of £231, and in the case of the South Clare a loss of £2,803 The manager had estimated that owing to the interruption of traffic due to strikes on other railways between May and September, these companies sustained a loss in passenger traffic alone of between £6,000 and £8,000. The Minister of Transport had announced that the Government control of railways was to come to an end in August next. How companies like these could carry on and exist, with the cost of working increased by 229.34 per cent over the cost in 1913, was a mystery.

The directors' report and the modified statement of financial accounts were adopted, with a dividend of 4 per cent per annum on the guaranteed capital.

Mr Edgar Anderson and Mr Gerald Vincent Murphy were re-elected directors of the company.

Messrs Craig, Gardner, and Company were re-elected auditors.

SOUTH CLARE RAILWAY.

The annual general meeting of the South Clare Railway Company was held at the offices, 39 Dame street, Dublin, on Thursday. Dr William Lombard Murphy, Chairman, presided, the other directors present being Messrs Dudley, Anderson, Lillis, and MacClancy.

The directors' report and modified statement of financial accounts and statistical returns for the year ended 31st October, 1920, were presented and adopted.

A dividend at the rate of 4 per cent per annum per share, making 4 per cent for the year, was declared payable upon the guaranteed capital of the company in respect of the six months ended 31st January, 1921.

The retiring directors, Messrs James William Lombard and Edgar Anderson. were re-elected.

Messrs Craig, Gardner, and Company were re-elected auditors of the company.

THE LATE MR G. F. TILSON, CORK.

At Paddington, on Thursday, an inquest was held on Mr George Frederick Tilson, 36, of Cork, who was found in a lavatory of the Irish boat train. He had a wound in his throat, and died in hospital. Evidence having been given, which showed that the deceased received a warning letter prior to leaving Cork, the jury returned a verdict of suicide while temporarily insane, as the result of receiving the letter.

WEST CLARE RAILWAY PREMISES RAIDED.

"A party of armed and masked men entered West Clare Railway Co's premises at Ennis at midnight on the 22nd inst, and having held up the night watchman, carried away parcels of stationery consigned to the police at Kilkee, Kilrush, etc."—Dublin Castle Official.

SHOOTING OF SOLDIERS.

General Macready and Maintenance of Army Discipline.

The following is a General Routine Order issued by the General Officer Commanding-in-Chief to the troops in Ireland:—

"During the last few days two appalling outrages have been committed by the rebels against the troops in Ireland. On the 22nd February three unarmed soldiers of the Oxfordshire and Buckinghamshire Light Infantry were captured and shot in cold blood at Woodford, Co. Galway. On the 23rd February two unarmed soldiers of the Essex Regiment were kidnapped at Bandon and murdered.

"Quite apart from the savagery which has always been a marked feature of the tactics employed by the rebels, there is no doubt that these crimes are a deliberate attempt to exasperate the troops and tempt them to break the bonds of discipline; thereby providing "copy" for that scurrilous campaign of propaganda on which the rebel leaders so much rely for sympathy in Great Britain and abroad. The Commander-in-Chief looks to the troops, even in face of provocation such as would not be indulged in by the wildest savages of Central Africa, to maintain the discipline for which the British Army is, and has always been, so justly renowned. It is only by the maintenance of that discipline that our ultimate object—the restoration of peace in Ireland—will be achieved."

TWO OFFICERS REPORTED KIDNAPPED IN COUNTY CORK.

Charleville, Thursday.

A report reached Charleville yesterday that two military officers from Buttevant, who were participating in a hunt at John's Bridge, near Freemount, on Tuesday, were kidnapped on the Liscarroll-Buttevant road when returning home that evening. It is stated they were surrounded by a party of men who ordered them to dismount. The horses subsequently returned riderless to Buttevant.

On Wednesday, a large number of military invested Liscarroll, and made a number of searches. A civil guard was formed, the members of which were warned that unless the military officers were returned they would be held responsible. Much tension and excitement prevail in the district.

IF FOOD DISAGREES TAKE BISURATED MAGNESIA.

If you suffer from indigestion, flatulence, heartburn, acidity or other stomach trouble, just take Bisurated Magnesia, and forget the meaning of digestive pain. Most forms of digestive trouble are due to too much acid in the stomach, and fermentation of the food. You should try it too; it's the one thing you can depend upon . . . and it costs but 2/9. When you go to your chemist to buy it, look on the wrapper for the maker's name; BISMAG, LIMITED. . . There's nothing else "just as good" . . . it's *Bisurated* Magnesia you want when food upsets your stomach.

Bisurated Magnesia is the best remedy for indigestion, and is also obtainable in tablet form at 1/1 and 2/1 per flask.

Children on the borderland of health.

An important announcement for parents.

(1) Children outgrowing their strength.
(2) Children not thriving or making up.
(3) Children weakly—not ill but never quite well.
(4) Eager, over-anxious school workers.

Within these classifications, children come too near the borderland of health. Parents should know the danger and how it may be avoided.
