HOW ARE YOU?

Many people have a very poor idea of what it is to be really well.
They are quite content so long as they can manage to get about
and do their daily work and keep out of the doctor's hands.
Health, however, is much more than this. It means energy,
vigour, good spirits. It means fitness in every sense of the word.
It means a system that is perfectly nourished and free from
ailments, a system in which all the organs perform their functions
naturally and thoroughly. If your health is not altogether
satisfactory, you will find a wonderful help in Beecham's Pills.
They have an excellent, purifying, stimulating and tonic effect and
do much to promote good health and physical efficiency.

UNEMPLOYMENT.

Public men, to use a popular phrase, find their hands full just now. There is the Irish Railways dispute, in part settled, and a home dispute and one which might have been settled weeks ago had the Fates, or our old friend Barkis, been willing. Then there is the question of the negotiations over the peace problem, and lastly, the oldest of the three questions, unemployment. Each has its peculiar difficulties, each has been discussed, considered from many points of view, reconsidered, and the field of inquiry in too many instances is still left open in greater or lesser part so elusive has one or the other proved. The questions are each in their way more or less largely concerned with the future of the whole nation and its prosperity and advancement from a commercial point of view, and in other ways that readily suggest themselves. To find the necessary solution of the momentous difficulties that now occupy the public mind is a seemingly stupendous task. Outlookers may not deem it so, but all who incline to that view should weigh Mr Lloyd George's reply to the London Labour Mayors at Garrioch, wherein he stated he was trying to get a little rest in Scotland, adding "but the terrible problems in the modern world are pursuing me every time. Personally, I wish these terrible tasks were entrusted to someone else than myself, but as long as I am here I must accept responsibility." The Prime Minister was replying to the Mayoral deputation on the question of unemployment, and he added that he was not satisfied but that more could be done to improve the supply of labour on the lines of the ordinary work of the country if there were real co-operation between all the interests concerned. He deprecated relying on the State only for relief. Since the armistice 106 millions had been provided by the State for unemployment, while in America with six millions of people out of work there was no State aid. Dole to the unemployed had not mended matters, and so after hearing the Ministerial reply it is not a matter of surprise to learn that the deputation came away disappointed. The means to give effect to what Mr Lloyd George hinted, combination of State, local authorities and the rest are yet in the clouds, however serious the question confronting the country, and in a season which threatens the widening of the issues involved in the problem. All the effort of the country is needed: co-operation, self-reliance and individual assistance in the endeavour to ally possible trouble in finding a remedy to meet so pressing and urgent a situation. Each one must do his share in a work which calls so loudly for relief in the providing of a remedy for the unemployment that is, unfortunately, so spread through the country just now. The Premier is not forgetful of the situation. He is to be in conference with a number of experts and business men on the subject, a Cabinet Committee has also been appointed for its consideration, and a determined effort in the promotion of a revival and promotion of trade is to be made to improve the labour market generally. To be effective a beginning on sound business lines must be started speedily with the resolve that it shall be fruitful in its desired results.

BELFAST SCENES CONTINUE.

The Press Association Special Correspondent at Belfast telegraphs:—At a large crowd of curious and sympathisers were leaving the city cemetery yesterday afternoon, after attending the funeral of a Protestant victim of recent riots, shots were fired and several people were wounded. Four persons were taken to hospital, one being in a critical condition with a wound in the abdomen. It is asserted that in a preliminary attack a hand grenade was thrown at Catholic onlookers. The funeral party were fired upon with revolvers. The firing created the greatest alarm among the people.

CANADIAN CATTLE REPORT.

At the National Federation of Meat Traders Association's Conference at Wolverhampton, yesterday, a resolution was carried requesting the Government to put into operation immediately, the recommendations of the Royal Commission on the importation of store cattle and the withdrawal of the embargo on Canadian store cattle. It was stated that traders must still find vent for the surplus of the necessary legislation to accomplish this. The Federation also called for legislation to bring about free trading, mainly on grounds of public health.

LIMERICK SHOOTING CASE.

The injured constable, Martin Cassidy, who was shot in the back and chest, in Limerick, early on Monday morning, is now in the military hospital at the New Baracks. His condition is somewhat improved, and the improvement is, as stated yesterday, maintained. His condition, however, is very serious.

OPPAU D-ASTER.

Berlin, Wednesday.—The directors of the Oppau Works state that the mining work they will not employ the same products as hitherto in the manufacture of fertilisers until the effects of their component parts are clearly known. The immediate cause of the explosion appears impracticable to ascertain. The number of killed is now stated to have been 619, and 75 are unrecognisable. The trade union of Wendorf, where the dye works of Bayer and Co. are situated, has decided to give the whole of the money collected for the Oppau survivors instead. In the Oppau Works factory all the employees are working this week on a half-day basis, the money they earned being devoted to the alleviation of distress at Oppau.

PRESENTATION TO MR E. F. M. MELVILLE.

In the Chamber of Commerce this evening, Mr E. F. M. Melville was presented with a testimonial as a mark of the appreciation and regard in which he was held by the citizens during his nine years' management of the Limerick Branch of the Provincial Bank, and from which he retired last night at 3.30 p.m. The testimonial was a handsome cheque and an album containing the names in full of the subscribers. On the motion of Sir Charles Barrington, seconded by Captain Delmege, Mr Gerald Gough, County High Sheriff, presided.

Those who also present were: Sir Charles Barrington, Bart.; Capt J. O. G. Delmege, D.L.; Messrs R. McCarthy, E. G. Pitt, N. Fine, H. B. Alton, W. T. Lewis, J. A. Place, D. S. O'Connell, J. A. Johnston, J. A. Haug, W. H. Holliday, J. P. T. A. Brett, Dr M. Graham, O. Ryan, B. C. J. Quinn, T. J. Cleary, J. Stewart, D. W. H. Bennett (Chairman), Mr High Sheriff, O. Downey, Captain S. J. O'Grady, J. D. Dwyer, J. W. P. O'Sullivan, and W. B. Pitt (hon. secretary).

Letters were read from Messrs David Hayes and Courtenay Croker, D.L., regretting inability to attend. The Chairman said they had assembled to make a presentation to their friend, Mr Melville, on the occasion of his departure from the city on his resignation from the position of Manager of the Provincial Bank. The presentation was an homage to the great respect, esteem, and regard in which he was held by his many friends in Limerick. They would miss the courtesy and advice of Mr Melville in business matters and his cordial help in public affairs. They would also miss him as a friend. He was now going to leave them to enjoy the well-earned rest to which he was entitled after hard and honourable service to the bank with which he was so long connected. He was sure they all wished him many years of happiness in his new surroundings. There were one hundred and ninety subscribers to the testimonial, and the great number of the 17s which would have been more only that the subscriptions were limited to a guinea. He then handed Mr Melville a cheque for that amount, together with an album containing the names of the subscribers.

Mr Melville, in reply, said it was difficult for him to find words to express his feelings on this occasion. The tribute paid him by the Chairman and the generosity shown him he would never forget. After a service of 48 years he was going to lift the anchor and pass from active into passive life. All these years had been spent in Cork, Kerry, and Limerick. The nine and a half years he had spent in the City of Limerick were, he would honestly say, pleasant years, and he could look back with pleasure to his banking connection as the happiest in his life. During his time in Limerick he had experienced nothing but kindness from every quarter. (Hear, hear.) A Bank Manager's life was not, to use a popular phrase, all beer and skittles, as on many occasions they had to show in their faces what was not in the heart. At all events his time in Limerick was a happy and a enjoyable one, and he would always remember with pleasure the days he spent in that city and the friends he made and cherished. In conclusion he said he was glad to see the great kindness and generosity and to hope that the shadows that were new over the country they all loved so well would soon pass and be replaced by the sunshine of better days. (Applause.) On the motion of Mr Hilliard a vote of thanks was tendered to Mr Melville and Mr Pitt, Hon. Treasurer and Hon. Secretary of the Presentation Committee.

Mr Welply and Mr Pitt, having acknowledged the compliment, a vote of thanks was proposed to the committee, on the motion of Sir Charles Barrington, who paid a tribute to Mr Melville's many good qualities.

The proposition was seconded unanimously.

Sir Charles Barrington was moved to the second chair, and expressed the thanks of the meeting to the High Sheriff for presiding.

The High Sheriff having acknowledged the vote, the proceedings closed.

DIPHTHERIA & SCARLATINA EPIDEMIC.

City Health Officer's Report.

At a meeting of the Corporation Public Health Committee last night, Alderman Mrs O'Donovan, Deputy Mayor, presiding, a report read 28th instant was read from Dr M. S. McGrath, Medical Superintendent of the City of Limerick, with reference to the outbreak of diphtheria and scarlatina in the city. In his report Dr McGrath stated:— "I took immediate steps to cope with the outbreak when I found that isolated cases had increased very much suddenly last week. I caused advertisements to be inserted in the local newspapers, and the public of the danger of infection, and giving certain necessary instructions. "There is no evidence pointing to an abatement of the epidemic, as there are to-day 80 city and 9 county cases in hospital, as well as some other cases in their own homes certified to be properly isolated and under the supervision of the health officer. I am closely watching the progress of the epidemic, and when sufficient improvement is noticeable I shall at once confer with the Mayor as to the desirability or otherwise of withdrawing some of the restrictions already put in force. There have been complaints as to the want of proper flushing in the city, and I have caused your information concerning communications received in this regard, and when made concerning the amount water supply. One of these communications has been received from Mr Jeremiah Dowling, 3, Little Catherine street, complaining chiefly of want of proper flushing in Caledonia Place. If the above mentioned statement is found to be correct, immediate steps should be taken to remedy the matter. Of course it is quite evident in the absence of an adequate water supply it would be almost impossible to cope with the spread of an epidemic. "There can be no doubt that the primary cause of the outbreak of Diphtheria and Scarlatina is the impeding of the early outflow of children kept indoors for so many hours in unhealthy and congested surroundings but their constitutions so weakened as to predispose them to develop the disease which under ordinary conditions they would have been able to resist. "On the whole we should be thankful that the present fine weather is favourable to those attacked and it is to be hoped that the whole thing will have been abated before cold and inclement weather sets in."

FOOD PRICES.

In at least one instance in the Grand Parade Market a prominent Cork butcher is selling best beef at a price of 4s 4d per lb. It is stated that some of the outside shops are retailing at this figure. Reductions in other parts of Ireland are very substantial. In Baginbun town butter prices fell from 1s 8d to 1s 4d, and mutton from 1s 6d to 1s 4d per lb. In Limerick best beef is sold for 4s 4d per lb. Potatoes are 1s 10d per cwt. The following market prices are for the best beef:— Armagh butchers have begun to bring down their prices. One of them states that all the meat in the city has been reduced by 4s 10d. Donaghy's butchers have accepted a tender for best beef (without bone) at 11s 10d; best mutton, 11s 10d; and potatoes at 4d stone. Donmore West Guardians have accepted a contract for best mutton at 1s 10d. The following market prices are for the best beef:— Omeagh—Butter, 9d lb; poultry, 8s to 10d lb. Ballybally—Butter, 1s 2d; young chickens, 2s each; potatoes, 10s 10d. Omeagh—Mutton—Chickens, 1s 6d to 2s; potatoes, 8d to 9s; country butter, 1s 2d to 1s 4d lb. Danganmore—Potatoes, 4s 10d. Ballybally—Butter, 10d to 1s; eggs, 1s 9d dozen. Mutton butchers' meat has been reduced from 1s 8d to 1s 4d, and it is due to the opening of a new shop, which sells beef at 1s 3d. Bread is also reduced, as well as butter. Newry Guardians have accepted a tender for 336 tons of standard coal (delivered) at 40s 9d a ton.

THE LATE PRIVATE H. W. BLACK.

The remains of the late Private Harry W. Black, who was killed in action at Georstown, Glasgow, on Sunday last, arrived in Limerick to-day. The funeral takes place at 2 o'clock to-morrow from the New Baracks for interment in the family burial place.

70 YEARS IN PRISON.

John White (81), one of the oldest convicts in Parkhurst Prison, died from disease of the heart on a Friday. It was stated at the inquest yesterday that White had been in the prison nearly seventy years in all, and was five times sentenced to penal servitude, the last when he was 78.

THE IRISH RAILWAYS DISPUTE.

The situation caused by the Irish Railways dispute shows no change during the week. The curtailed service of yesterday was continued to-day, no trains to Dublin or arrivals, and the service to Tyne, Waterford and Cork limited. The branch services are also limited, and the services of the Midland Great Western Railway are availed of to a limited extent in giving a connection with Dublin by rail. It is also stated that some passengers from Limerick and the southern district manage to get to Dublin by the Dublin and South Eastern Railway via Waterford. The curtailed service to Waterford includes the seven p.m. from Limerick to Waterford, affording a connection with England and Scotland by steamer to Fishguard and thence by rail to London, and the various centres in Great Britain. A large section of the main line and some of the branches of the Great Southern and Western Railway were without trains yesterday. This extension of the tie-up of traffic on the system has intensified the inconvenience which has been inflicted upon the travelling and business public. No trains were running on the Carlow branch and from Kilkenny. The Athlone and Tullow branch were also without trains. The stations and goods yard at Kingbridge and the North Wall are completely shut down and the works at Inchicore are in the same state. The clerks and officials of the company are the only portions of the staff at work at the Kingbridge Station. Strikers picket are posted outside the Kingbridge premises, but except for an odd pedestrian or some inquirers the interior of the terminus is deserted. Some cattle from the South were unloaded on Tuesday evening from the Cork train, which was worked to Inchicore, and were then taken to the goods yard at Kingbridge. The goods on the train were quantities of perishable articles of food and several crates of live fowl. The pickets declined to allow the carriers to remove those parcels. The birds remained all night without food.
