

Burned To Death

County Limerick Man's Sad Fate

Death from shock following extensive burns was the verdict returned at the inquest held at Abbeyfeate into the death of Timothy Cas-y (78), of Caberline, whose body was found in a field at Caberline.

It was stated that old grass and furze in the field where deceased was found was burnt, and the adjoining field was also burnt. A nephew, returning from an errand, saw his uncle lying dead on his side. His clothes had been burnt and the grass round about was burning.
