# THE POWER OF MUSIC

Nothing is more seething than good Music. It is now within the power of everyone to have Music in their homes-Sings sung by great Singers and less great. Orchestral Music by famous Bands and Orchestras, Instrumental Solos by Eminent and Popular Sololata, and so on.

Have you ever thought about the new interest you would find in life by having a Gramaphone. It used to be sald no home was complete without a

plane. Nowadays the home without a Gramaphone incks the happiness which Music brings in its path.

Let us put the case before you. The Grama-

phone is the Universal Entertainer. It produces all classes of Music-the best and the worst. It esters for all tastes. Whether you are given to " heavy "or "Hight" Music it makes no matter. The repertoire of the Gramsphone is inexhaustible. It is a cheap form of pleasure. Onite good Records can now be bought for 1/1 and 1/6 each. These Records are double stded one Tune on each side. A Gramaphone Haelf is not expensive either. We have been selling them since they were "talking machines." To day it ranks as a Musical Instrument - and why not ?

Hundreds of Records are issued every month containing all the latest hits-Musical Comedy, Revue, Ballads, Comie Songs, Waltzes, etc, etc.

We send these monthly Lists to anyone interested. We would like you to think out this Gramaphone proposition. It is worth thinking over.

We invite you to call at our Showrooms to hear the Latest Records played on the Newest Gramaphones, or, if inconvenient, we shall be pleased to send

You can make this coming Winter the happlest you ever spent by having a Gramaphone. Don't Life will hold a new interest for you then.

# U. I. L. in Great Britain

MONDAY EVENING, SEPTEMBER 11.

It is evident from the annual report just Issued that the forces of the U 1 L in Great Britain are as strong to-day as ever they were They are as virile in their support of the Irish Parilamentary Party as they were when that body were fighting against odds to redress the grievances of which the Irish people complained. Our kith and kin across the Irish Soa have, through a time of crisis, stood by the leaders of our race in a way which should give us pause here at home. They have scorned the criticism of factionists and have loyally supported the men whose past record has justified their leadership and their policy. The report shows that in Scotland there are no less than 30 branches of the League. That these branches have done good work is proved by the fact that during the past twelve months they contributed to the Central Offices of the U I L the bandsome sum of £763 St 10d for Irish political purposes. That, Indeed, was practical patriotism - more practical than the vapourings of men whose whole alm is to wreck the machinery of the National forces and leave the destinies of this country at the mercy of the Tory wreckers. The contributions for membership cards in the Scottish branches as compared with the previous year shows an increase of 1,320. This is truly a remarkable number having regard to the fact that 30,000 of the resident Irish population in Scotland have joined the British Army since the outbreak of the present war. The report goes on to show that Patrick is the premier branch of the United Irish League for membership with its 800, a record only exceeded in the history of the Home Rule Movement by Branch " Allen, Larkin and O'Brien," Coatbridge, which at one time had a membership of 1,000. All the other branches of the Lasgue in Scotland have a large membership, and this fact should be a stimulus to the Nationalists in this country to band themselves together in the old Organisation through whose instrumentality so many reforms have

# THE DRAMATISED VERSION RARE TREAT FOR LIME-RICK

The spirit of Charles Kickham touches res-

pages of "Knock-na Gow" and other homely

tales of peasant life. It surely will never go faint as long as there are Irishmen worthy of quite correct. the name. "Knock-na-Gow" was never more lovingly read than now, despite the subtle alurements of the bookstall. The fact that it has been dramatised is an additional proof of its irresistible appeal. Very often in the process of dramatisation much that is most greatly cherished is thed, but there need be no fear that this applies to Mr R G Walsh's stage version of "Knock-na Gow." It preserves everything that is best in the book, and shows the characters in their proper perspective. Norah Laby's fragile little figure is there. Matt the Turasher stands out in his own big hearted simple way. Billy Hefferman, Burney Brode ick, Father Hannigan (the genial Soggarth), om Hogan, Honor Lahy, Bessle Morris, Nellie Donov su, and all our old friends arethere to the life. Familiar scenes are faithfully presented and, just as in the book, feelings of sadness and gladness rapidly alternate. # SUMMONSES BEFORE MAGISTRATES

Cases at Liberty Petty Sessions At the Limerick Hiberties Petty Sessions on Saturday before Lord Enty presiding, and Mr P J Kelly, R M, three members of the Limerick Board of Guardians were summoned by Mc which see tee 2 sovs; a burdle race; the Cyril E Browne, Local Government Board Auditor to recover sum surcharged by the Culhane, Michael Culhane, William Aberne, age at 1b auditor against the defendants in respect of Harty 4 10 12 granting outdoor relief. Mr A Blood Smyth, solbitor, appeared for the complainant, and the defendants were represented by Mr P.J. O'Sullvan, solicitor. The defendants were -- Mr R Frest, Chairman of the lipard, who was surcharged in two amounts of £2 5s and £2 7s 61; Mis M'Donnell, also surcharged in two tums of £3 5; and 10s dd, and Mr P Bourke, 15s. When the cases were called Lord Emly said he would not adjudicate simply for the reason although the scarcity of labour during the Owner 5 10 9 that Lady Emly was a member of the Board of summer months has delayed the work in some

> Mr Blood-Smyth said it was necessary have two magistrates to hear the case. Mr O'Sullivan, solleithr, said that was not : but he was instructed to say that his clients had no objection to his fordship adjudicating, la fact he would be obliging them by adjudi-Lord Emly then said he would act. Mr Thomas Ryan, Assistant in the Unio.

Clerk's Office, then proved the surch ges Mr O'Sullivan-Wel, now, will you tell me what the surchatges are for f Mr Blood Smyth-I object. Mr O'Salliyan said he did not Interrupt Mr

Blood-Smyth, and allowed him hisown way. Mr Blood-Smyth -It is not evidence, but you can tire away. Mr O'Sullivan (to witness)-What are the surchargas for I For outdoor relief given to persons supposed not to be entitled to it. This outdoor relief was given by the full And the persons surcharged were the indiiduals who had the misfortune of signing the paysheets ! That is so.

Board I Yes, sir. Mr O'Sullivan said that was all the questions ne would ask. In law he had no answer to he summonses, and the magistrates were merely the recorders of the judgment, as the defendants had appealed to the Local Government Board who would not remit the surcharges. When the Local Covernment Board refused to remit the surcharge there were no other legal grounds to go on and the magistrates had simply to record the conviction. He asked to have Mr Bourke heard, as he (Mr Bourke) and the other defendants were in the peculiar position that they were surcharged for signing paying orders to carry out the unanimous wish of the Board of

Mr Bourke said there seemed to be a min they could be surcloged. He and the other defendants further complained of that within with, recent time the representation at the ligard of Guardians was very limited, and the onus of discharging the duties was thrown on a few nembers, insamuch as the other Guardians would not attend and discharge the duties for which they were elected. It was to give vent to this matter that they appeared before the Court and for nothing else. The Guardians failed to do the duties of these they represent, with the result that the onus was brown on a few who had to stand the brunt. Mr Kelly-It is those who did the work that lave to pay.

Mr Bourke said that was so, and as a matter fact the poor people would not get their relief unless the books were signed. The books were placed before them for signature, and as to whether they were acting legally or illegally they looked to their chief executive officer or guldance as to the validity of their actions. In this particular case they felt aggrieved as they did not know how to act in the present moment, and when they signed the books they were quite ignorant of the matter for which posive chords in Irish hearts as tenderly to. they were now surcharged. ay as it did when first it breathed through the Mr Blood Smyth -- As far as I am concerned I have nothing to do but to ask you to make

the order. Many things Mr Bourke said are Mr O'Sultivan-Some one else will sign the pay sheets in future. The magistrates then granted decrees for the amounts claimed against each of the defendants with the ordinary costs of court.

### GLIN HALF-YEARLY MEETING COUNTY SURVEYOR'S RE PORT Charleville, R M F ; Private J Healy, Mitchels-

(FROM OUR CORRESPONDENT,) At the half-yearly meeting of the Glin Rural District Council, Mr P O'Shaughnesey, M C C. presided. Also present were-Messrs Patrick and Reger Behane. Mrs O'Shaughnessy, Clerk, and Mr Thomas F Ryan, County Surveyor, were in attendance. The Clerk read a telegram from Mr Hartlcan, Deputy Surveyor, stating his inability to attend owing to want of petrol.

The Clerk read the following : "GENTLEMES -I have to report that the roads in your district are generally in a very good condition. The preparation of the supplies for the coming winter is well in hand, places. I am having material drawn up from the strand at Glie, and propose getting this broken by machinery. I am of opinion that this will prove more economical than the present system. I have received the list of notices of motion from your clerk, and both are for necessary works. I have no notices of motion to lay before you. I have to report that my estimate of road expenditure for the financial year 1017 1918 is £1,008, including the amount to be levied off your district in respect of the main roads. - Yours obediently, "T F RYAN, County Surveyor,"

The Clerk road the following list of applicaions made by notice of motion for new works, lacluding new contracts :---Register No 55 -To construct bridge at denelehard and to divert road; cost not to exceed £350 ; district charge ; to be paid in six years at 34 per cent ; loan to be obtained from County Council. Register No 62-To construct a gullet on main road at Cahara ; cost not to exceed £6 ; half Glin Raral District and helf county at large. Adjustmed to next meeting. Above come on for final consideration.

The Clerk read the following letter from Mr James Dillane, Kinnaird : .. " Sir-I have to call your attention to a letter which I wrote to your Council some time ago about a mare of mine which got drowned in a drain in my lands through your Council's fault in not lowering the bridge which leads from my lands so that I can put down the drains. In that letter I claimed £20 componsation for the less of the mare, and as I have heard nothing since about it I wish to know your Council's decision in the matter." The writer of the letter atlended and said contract was taken for this work three years age and nothing was done. Mr O'Shaughcessy asked Mr Maurice O'Shaughnessy, foreman, if he knew any-

thing about this matter, and he said that Mr James Leaby, who was acting County Surveyor at the time, visited this place and reported the conception in the minds of the public about | guilet was all right but the dyke in Mc Dil Eventually the matter was referred to the Miss O'Shoa asked why the road at Ballina initials to the books never suspecting that they | goul, which they had been agitating for the past nine years, and the contract of which was taken three years ago, was not being proceeded

> The County Surveyor said one man, Daniel Hayes, had not his place vested by the Land Commission, who wrote to the County Council to that effect, and until this was done and his title registered the County Council had no power to make the road. When Hayes complied with these conditions he would go on at once with the making of the road, Miss O'Shea said she thought it was the contractor who was to blame. The County Surveyor said the contractor was not at fault. It was Mr Hayes who had not got his title registered.

A deputation consisting of Messra Thomas E Pegum, J P; Theo Curry, CPS; Thomas YDonnell, Samuel V Bicknell, and James F Molony waited on the Conneil and spoke of the bul condition of the footpaths generally, and asked that the Council flag or concrete same. The Council were unanimous in deciding to concrete 180 square yards of footpath on the east side of the Main street at present; cost not to exceed £49 103; half of county at large and half off the Rural District of Glin, The deputation thanked the Council for their action in this respect.
