## Mayor And Central Bank Report

To the Editor, "Imerick Leader,")

Sir—Recent events and in particular the report of the Central Bank have caused considerable unessiness and untold damage to the business of the entire country. The restriction of, credit by the Banks and the curtailment of national development projects is already causing unemployment.

Is it correct that the Central Bank hold over 180 millions in Britain at a rate of interest of about one per cent.? Is it correct that our Government, in addition, holds another 170 millions in sterling assets and that the Banks and others and danother 170 millions in sterling assets and that the Banks and others and danother 170 millions in sterling assets and that the Banks and others and danother 170 millions in sterling assets and that the Banks and others and danother 170 millions in sterling assets and that the Banks and others and danother 170 millions in Sterling assets and that the Banks and others and the step are that our Government, in addition, holds another 170 millions in sterling assets and that the Banks and others and the step assets and that the Banks and others and the step assets and that the Banks and others and the step assets and that the Banks and others and danother 170 millions in sterling assets and that the Banks and others and the step assets and that the Banks and others and the step assets and that the Banks and others and the step assets and that the Banks and others are defined and the step assets and that the Banks and others are defined and the step assets and that the Banks and others are defined and the step assets and that the Banks and others are defined and the step assets and that the Banks and the step assets (To the Editor, "Limerick Leader wek for some time so as to all them in pushing certain clims they were making on the then Government. We agreed to oblige in the way requested and we then received a letter inquiring what we were to pay for the reports! In other words, those who were to use our columns for propaganda intended to secure pensions or medals for themselves wanted to get paid for doing their own propaganda! We mention this case—which is by no means an isolated me of its kind—to illustrated despicable trend that has become notoriously common in this country.

The motern tendency to "cash in? so some extent on efforts that are supposed to be patriote or in the public interest a reprehensible in itself. It is to be doubly condemned from the point of view that it is keeping many worth geode from entering the series of the nation. This counts has plenty men who

Dr. Denis K. O'Donovan, younger son of the late Mr. Denis O'Donovan, Castleconnell, has been appointed Professor of Medicine at the National University, Dublin, in succession to the late Professor Meenan.

Dr. O'Donovan, sort, has had a most brilliant career, He is a graduate of the NU.I. and of the McGill University, Montreal, He is a member of the Medical Research Council and is, besides, one of the brilliant group of scientists who are probing into the secrets of the new drug—cortesone,

### HE WORE THE MAYORAL - CHAIN

ALD. J. M. REIDY, Y.D., was first elected to the Limerick Gorporation in 1925 and has an unbroken membership since. He was elected Mayor in 1944 and during his term of office he called and presided at public meetings of citizens to consider suggestions for the setting up in Limerick of a Constituent College of the National University. From these meetings emerged the classes started in Social Science at the Municipal Technical Institute in 1945. Deputy Reidy opened 2t. Mary's new Playground, which was biessed by Very Rev. P. J. Canon Lee. It was during his Mayoralty the See of Limerick became vacant through the death of Most Rev. Dr. Keane. The Presidential and Municipal elections took place at the end of his term, June, 1945.
