#### POOR LAW POSITIONS.

#### A GOOD MOVE FRUSTRATED.

At the meeting of the Limerick Board of Guardians yesterday, Mr. John McInerney, J.P., presiding.  
Mr. J. O. G. Delmege moved:—"That the Local Government Board be asked to formulate a scheme of competitive examination for all appointments under, or in connection with, the Unions of Ireland." He referred to the great boon such a system would be to the country generally. He had learned that very few officers were there whom they could ask to stand a competitive examination, and the doctors were mentioned as one. Now he did not agree with that. He did not regard the certificates got when leaving College a sufficient proof of a man's competency. Many of those degrees were got by cramming, and he saw no reason why doctors as well as other people should not stand an examination when seeking elections under the poor law system. As things stood at present all the

### THE OCCASIONAL OPINION

#### OF A MAN IN THE STREET

STREET SWEEPING  
Is good, but to leave the ridges of mud half foot wide at either side of the road, as in He street, creates mud traps Moral—even if le done, more might be finished.

#### SOME COMMENT

Is being made that the town is being paired; but the lamp posts look quite spry in the new coats.

#### THE LITTLE DIFFICULTY

At the Asylum Committee meeting may be forgotten and forgiven. (if necessary) Honour on both sides should be satisfied. I so easy to attribute a meaning never meant, it needn't be persisted in when promptly emphatically denied.

#### THE NEXT MAYOR

We are told, is to be ———. We shall see but Cabinets have been formed without half wire-pulling and a quarter the fuss which forthcoming Mayoralty has already evoked.

#### TWO GOOD MEN.

Are going for the vacancy for the Aldermanship of the Irishtown Ward. Both have interest in the city; both have something at stake; both pay rates, and therefore have an interest in local taxation. I can only hope "may the best man win."

#### SEATS IN THE THEATRE

To-morrow night—Land's benefit—are reduced in price. Dress circle, 2s. instead of 3s.; stalls 1s. 6d. instead of 2s. 6d. 'Nuf too; but if it is to be done by the Elster Grime Company, why not at other times? Anyway, Land deserves his benefit, and it is to be hoped that it will be a good one.

#### THE KELLY INCIDENT

At Dublin and Vance's ill-advised advertisement of the puerile proceeding, has been seized upon as a peg on which to hang another diatribe against West Briton "loyalty" and the now ancient incident of the opening of the Exhibition, minus the British flag, and the loss of the King, is used as an instance of Limerick's repugnance to acknowledge "British rule." But the crowds at the Exhibition continue to respectfully salute "God Save the King," and the crowds at the Exhibition are representative of Limerick feeling which the diatribes are not

#### ONE PAPER

In the city favours the night meetings of the Corporation on the ground that the "gallery" is the only place in which the democracy may have a little "innocent fun." Ideas of what it is fun vary, and if the Corporation meetings are to be for "fun" better engage a company of clowns. But then, are they really necessary? Amateur "talent" in that direction is not so conspicuous by its absence. Would it were when business is to be done.

#### THE PROCEEDINGS

At the Coroner's Court at the inquest on poor Fitzgerald was, we are informed by the advocate of fun for the democracy, "conducted" by a sergeant of the R.I.C. Where was "Conductor" Coroner DeCoursey?

#### THAT NEW LIGHT

In the vestibule of the Redemptorist Church is excellent, but it is an object lesson to the Corporation gas people. The four outside gas lamps look fairly sick by comparison. We need more "light in the darkness"—especially off Quin street.

#### "HOG WASH"

Is how that local newspaper which is named after the nymph who pined away till nothing was left of her but her voice—the only one of the
