Dear Mike

Re: Construction of the Dock Road to Mungret

I enclose the following information, which I came across in my research in recent weeks. Nessian phoned me last Monday and I arranged to leave a copy with you. The information is taken from the Limerick Chronicle of 2/12/1857.

1857

Dec 2: Limerick Chronicle, Wednesday, re

Dock road to Mungret

Assault on Daniel Donaghue who is in Mr Hunt's employment on the building of the new line of road between the Docks and Mungret Cross. [Give this data to Mike at LCL for whoever is researching this topic].

Dec 1857

I wonder if I may ask if the Library will procure a copy of the following book which has recently been published: The Ocean Railway: Isambard Kingdom Brunel, Samuel Cunard and the Revolutionary World of the Great Atlantic Steamships by Samuel Fox and published by Harper Collins at £25.

Thank you for your help to me over the years

Sincerely

James McMahon
