

ADDRESS

ADDRESS.

FROM THE MEMBERS OF  
ST. JOHN'S TEMPERANCE SOCIETY  
TO  
THE RIGHT REV. E. T. O'DWYER  
LORD BISHOP OF LIMERICK

My Lord/

Your appointment to the Bishopric of this Diocese has been the source of much pleasure to the people of Limerick.

To the workman that appointment had been such a welcome than others. He has not many friends. You have ever laboured to brighten his home, and make his life happier. But among the telling many the Members of the Temperance Societies have most reason to welcome your appointment. All know your untiring efforts in the cause of temperance. All, however, do not know, as they know, how often these efforts have brought joy to the dark roof of poverty, and peace to firesides where peace was a stranger.

We then, my Lord, the Representatives of St. John's Temperance Society, could not let this occasion go by without offering, your Lordship, the heartfelt congratulations of that Society, and in its name, wishing you a long and bright future as our BISHOP.
