MONEY AND SAVINGS

A corresponsand notes that money
saved by the Clonmel Institute, and
the savings association of the County
of Limerick, is the subject of a
recent letter to the Editor of the
"Limerick Leader." The money saved
is for the purpose of the purchase of
a house for the purposes of the
association, and it may be noted
that the house will be used for the
purpose of the association's work.

The letter states that the
association has made a donation of
£500 to the Clonmel Institute, and
that the donation will be used for
the purpose of the purchase of a
house for the association. The letter
dates January 1, 1930.
