- New Manager at the Limerick Savoy Cinema is Maurice J. Johnston, of Monkstown, Dublin.
- Formerly assistant manager with the State Theatre, Phibsboro', and later the Metropole, Dublin, he comes to Limerick as one of the youngest managers on the circuit.
- His appointment to the Limerick Savoy was not unexpected, as for the past few weeks his many excellent qualities were in evidence as he administered in a temporary capacity.
- A veritable mine of information on films, past, present and future, he has already made many firm friends in Limerick, and this week has been the recipient of congratulations and best wishes on all sides.
- May I take this opportunity to welcome him to Limerick, and to wish him a very pleasant and happy sojourn in our midst.
