

Arthurs Quay Celebrates its 21st Birthday in True Style

The Birthday Celebrations at Arthurs Quay Shopping Centre are already in full swing ... while the highlight of the festivities will be the Big Birthday Bash this Saturday.

For many, the heartbeat of Limerick City Centre has to be Arthurs Quay Shopping Centre. Arthurs Quay has proven to be an immensely popular destination for shoppers, diners and leisure-seekers alike over the years, and judging by the crowds still flocking there every weekday and weekend, it looks like this retailing focal point has lost none of its appeal. Arthurs Quay is now celebrating its 21st birthday. The fun, games and giveaways have already begun, but the really big celebrations take place this Saturday.

'Our 21st Birthday Bash this Saturday is our way of saying thank you to our many loyal customers,' explains Jim Kenny, Director of Management Services at Arthurs Quay Shopping Centre. 'Since 1989 we've been in business, and in that time we've established a strong reputation for providing a wide range of quality stores, restaurants and amenities, all within a bright, friendly, hassle-free complex. This Saturday Arthurs Quay will be a hive of activity. There'll be live music, giveaways, various demonstrations, a fashion show, entertainers and plenty more. And what should be an even bigger attraction for everyone visiting: there'll be special discounts across all outlets.'

Arthurs Quay started its birthday celebrations last weekend with a series of events taking place throughout the shopping centre and, as one would expect, many special bargains on display. One could call last weekend a trial run for this coming Saturday, which promises to be a much bigger and even more exciting affair. This Friday should also be a

these difficult economic times, retailers have to work harder to impress customers,' Jim remarks. 'Arthurs Quay knows this full well, and that's another reason why we're splashing out for these birthday celebrations. We want people to enjoy themselves, to join in the festivities. We also want them to pick up the many one-off deals that will be on offer throughout the shopping centre.

"Getting value for money is of huge importance these days, and Arthurs Quay is committed to keeping prices as low as possible."

Getting value for money is of huge importance these days, and Arthurs Quay is committed to keeping prices

as low as possible.'

The Big Birthday Bash is on this Saturday, October 30th at Arthurs Quay Shopping Centre. 'This is for our many customers and friends,' Jim concludes. 'So make sure to visit. Everyone's invited.'

New faces bring an even better shopping experience

As well as having its many tried-and-trusted names, a number of exciting new stores have opened at Arthurs Quay Shopping Centre: Fine Things, Car-Bitts, 2nd Avenue Style, Cushy Feet, PartyCostumes.ie, Concepts at Indigno Designs, and Remix. That means more quality, more choice and more value for money.

Arthurs Quay Shopping Centre is recognised as being one of the best shopping and lifestyle destinations in the Midwest region. The shopping is second to none. It offers its customers a dazzling variety of quality stores, the leading brands and the greatest possible value. Arthurs Quay provides unrivalled convenience extras. It's located in the very centre of the Limerick City, and of course it has a superb multi-storey Car Park. The shopping centre is a fun,

energetic environment, with both downstairs and upstairs regularly being awash with people. Arthurs Quay boasts a superb Foodcourt, which includes a Carvery & Deli, Café and Chinese Wok, a location that has earned a reputation for being one of the finest eating establishments in and around Limerick. The above are some of the reasons why Arthurs Quay Shopping Centre is welcoming new customers through its doors every day.

'Word of mouth is very important,' Jim Kenny, Director of Management Services at Arthurs Quay Shopping Centre, points out. 'We've invested an awful lot of time, effort and money into making Arthurs Quay a top class shopping and leisure location, and it's very satisfying to see existing customers appreciating what we have done and passing on their

favourable opinions. Newcomers to Arthurs Quay are always welcome, and our sincerest wish is that we can make enough of a good impression to turn these people into return visitors. The addition of these seven new stores - to go with the broad mix of stores we

already had - is more great news. The shopping centre now has the widest possible variety of retailers and services, so whatever you want or need, there's every chance you'll find it at Arthurs Quay.'

And what is the Arthurs Quay experience? 'Our stores are our main attraction, and we pride ourselves on the quality of shopping we offer,' Jim concludes. 'That said, we think of Arthurs Quay as being a lot more than just a large building full of shops. We think of Arthurs Quay as a place where people can meet up with friends, unwind, treat themselves to a sumptuous meal, have a good time, or whatever. Our primary objective: Whenever you visit Arthurs Quay Shopping Centre, your day should get that little better.'
