

TODD'S IRISH FORTNIGHT

Todds Irish Fortnight Begins on Mon. July 25

IRISH FORTNIGHT will open on Monday next, July 25, and continue all Saturday, August 6. Present indications are that it will be one of the successful promotions of its kind ever staged in Limerick, and certainly one not ambitious from a local point of view. Certainly, it should surpass last year's effort by this enterprising departmental store.

Following along Irish industry and its products, the display will be in the nature of products and the arrangements which revolutionized the Dublin of 1904 and the Limerick of the 1900's, and which have since been as much as in the 'Old Dublin' section. The ground is to be occupied by the famous 'Old Dublin' section.

initiative and enterprise that of the year, when towards the national year. There are no more visitors only to put up on 1916 to the city and the better 'Fortnight' at the same season.
