### COURSE FOR LIMERICK COLLEGE

accredited National Certificate in Business Studies (Industrial Relations & Human Resource Management) at HSI College of Business, Limerick. This is a major development in increasing access to third-level education and providing an example of a flexible approach to addressing a social and economic need. "This full-time course aims to provide school leaver with an opportunity of studying at National Certificate Level and progressing to a Degree in NCIR or other NCEA designated institutions" said Professor Joyce O'Connor, Director of the National College of Industrial Relations. Professor O'Connor also said that

"NCIR has a number of out-reach programmes and sees a demand from school leavers in Limerick who are keen to study for any NCEA qualification in Business Studies (Industrial Relations and Human Resource Management). The Course will be conducted at HSI in its newly acquired Richmond Hall and Library (former Baptist Church) in O'Connell Avenue. Entry qualifications for this course are those specified by NCEA as appropriate for National Certificate level, namely, Grade D (or higher) in mathematics, a language and three other subjects in the Leaving Certificate Examination.
