## YOUNG ATHLETE WITH A FUTURE

TEN-YEAR-OLD Limerick athlete, Gerard Duggan, put up an excellent performance in the inter-county mile cross-country race at Oola on Sunday last. Although badly handicapped with an injured foot, he finished in good position and we may expect to hear more of him in championship class in the near future.

Although Gerard is not six months in competitive athletics, he has already made a name for himself as a boy of outstanding promise. His first outing was in the County Championships (under 10) at Kilmallock in September last, when he won a medal for each of the five events—100 yards, half-mile, high jump, long jump and shot. In addition, he took the Father Browne Cup for the best athlete at the meeting.

In subsequent competitions he has proved himself a very good all-rounder against strong opposition. His performances include third place in the Limerick "Round the Houses" race and fifth in an inter-county road race in Clonmel on last St. Stephen's Day.

Gerard, who is a member of Limerick Athletic Club, attributes his remarkable progress in the sport to the training which he has received from John Brosnan.

Other sports which claim his interest are hurling and football and in these he has won a medal for a schools league victory. He plays soccer with Hyde Rovers and captained last season's team that won the Streets League Competition for Clare Street. Another outdoor sport he likes is horse-riding.

Gerard, who lives at 38 Singland East, Garryowen, is a pupil of St. John Baptist School. His father, Mr. Frankie Duggan, was a prominent figure in local rugby and soccer circles. His brother, 13-year-old Christy, who is a pupil of the Christian Brothers' Schools, Sexton Street, is also interested in athletics and plays soccer with Hyde Rovers. Seven-year-old Miriam, Gerard's sister, is attending St. John's Convent School.

## Good Music

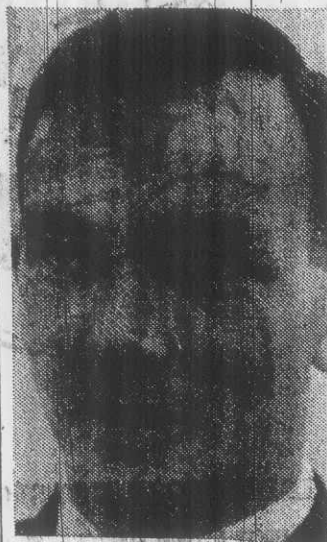

Over the past few years, the Little Flower Hall has built up a reputation as a venue for good music, and next Monday's programme is well up to the standard of its pre-

## Hurlers' Service Station

The Hurlers' Service Station at Castletroy has been acquired by the well-known Limerick firm, Messrs. Tom Chawke & Sons, who are operating the Greenfields Service Station at Punch's Cross.

Some time over two years ago the firm commenced business at the Greenfields Station and a rapid development in business has resulted in the present expansion. The Greenfields service has proved very popular with motorists and all makes of cars are serviced and washed there up to 10 p.m. This facility will also be available to the motoring public at the Hurlers where, as at Greenfields, petrol will be on sale up to 1 a.m.

The Greenfields Service Station is a familiar and, indeed, beautiful landmark in Limerick's South suburbs. The neat arrangement and presentation there earned for the station the first prize in Lime-
