write to the Committee "pointing out that the principal difficulty in this matter is lack of sufficient funds, and as far as possible, however, every effort will be made to maintain the market places in proper condition."

Mr. D. McAuliffe, Co.C.—How is it that they have no money for these markets? Don't they charge everyone that goes in there—isn't it 6d?

C.A.O.—Yes, on tolls.
A VERY HEAVY DEBT.

Mr. J. J. McNamara, Co.C., said that there was a very heavy debt on the markets going back for years. The position was most complicated, and it appeared to him that the debt will never be cleared.

Mr. J. Mackey, Co.C., also remarked that the markets were very heavily in debt.

Mr. McAuliffe—Well, they're a long time there.

The Chairman said that the Receiver had promised to do something about the condition complained of, and under the circumstances nothing further could be done.

The matter was not further discussed.

The window in the shop of Mrs. Annie McCutcheon, Nicholas St., was broken maliciously during the night. Cartons of cigarettes, which were on display in the window, were stolen.

The window was broken by a stone. Mrs. McCutcheon, who lives overhead the shop, did not hear the smash of the glass.

The exact quantity of cigarettes stolen is not yet known.

giving their views as to the best means to be employed to eliminate pollution by oil. They had prepared a report and he suggested that it be forwarded to the Minister for his consideration in view of the forthcoming conference.

In their report the Harbour Engineer and Master observed that in the bye-laws of the Limerick Harbour the discharge of waste oil was prohibited. In a case of necessity they recommended that the harbour staff supply a receptacle for waste oil, provided adequate previous notice to be given to the Harbour Master. The cost of disposing of the refuse be met by the ships concerned.

The Chairman said that the obvious thing for the Board to do was to submit the report to the Department.

This course was agreed to.

Limerick Hockey Player's Great Record

When Stanley de Lacy, famous Irish International Hockey forward of the Limerick P.Y.M.A. Club, turns out for Ireland against Wales at Abergavenny on March 13th, it will mean his 33rd Irish cap.

The record of 32 caps for Ireland was held by the late Walter M. Dick (Cliftonville).

The Limerick player would, undoubtedly, have long since eclipsed the Cliftonville player's record but
