Haynes' Cup.

Wanderers "B," 5; Optimists, 2. The meeting of Wanderers "B" and Optimists in quest of the Haynes' Cup laurels came up to expectations and brought its quota of thrills and excitement. The tie was kept alive to the last even, and with victory going to Wanderers who, at the same time, could not boast of a facile win. Yet, the winners played with more enthusiasm.

This being a handicap competition, the resultant plus four in Wanderers favour played a part in weakening Optimists' exhibition, as it was meant to do without detracting from the winners' deserving victory. On the other hand, Wanderers showed signs of gathering strength as was manifest in their display, and it has focussed additional interest in their chances of success.

The Play.

The second ladies' turned out to be an important affair from a decision's point of view, as its result in Optimists' favour could direct towards a draw at its particular stage, as two matches appeared on the disputed list, but Maireen O'Connor and Peg Ryan eliminated all doubts by clinching the issue with a victory of 15-5, 15-13 over Mrs. Harris and Mrs. Sexton. The winners' display showed that they lacked pace and was of a mixed nature, but they redeemed themselves to an extent, by a fairly good finish.

Eddie Murphy Impresses.

Eddie Murphy put up a display worthy of full marks in partnership with J. Harris and he did all in

sider he has not been fairly treated these past few years, and perhaps they are right. The half-back combination of Kyle and O'Meara—well, who else would you have? The pack looks a very workman-like lot, with the main strength in the heavy second row. It is good to see Paddy Lawlor back to form, for on his day he has few equals in the home countries.

Tom Reid.

The selection of the Garryowen vice-captain, Tom Reid, was hailed with delight in Limerick. This six-foot fifteen-stone forward has been knocking on the door for several years, and now he has finally made it. To my mind, Tom should have

been capped after the Wallabies game in Cork four seasons back, in which match he was one of the outstanding forwards.

Tom comes from a well-known sporting family. His father, Joe, and his uncle, Willie, were outstanding players with Garryowen more than thirty years ago, while his first cousin, Paddy Reid, made history as one of the Triple Crown team of 1947/48.

The new "cap" played his first football as a juvenile with Shannon, before going to Garryowen as a minor, and with the exception of his sojourn in Dublin when he turned out in Lansdowne colours, he has been with the light blues ever since. As well as making the grade in football, he was also an oarsman of note, winning as a maiden, junior and senior with Limerick B.C. However, in this branch of sport he has yet to emulate his father's feat of placing his name on the Irish Amateur Rowing Union Senior Cup.

Finally, may I, on my own behalf and on behalf of all rugger fans, offer him heartiest congratulations.

Week-End Games.

To-morrow at Thomond Park Bohemians and Garryowen will

George Norton's XV.

Last week-end was one of surprises. In Dublin Garryowen defeated Old Belvedere in a rousing game by the odd point in the eleven scored. The Dublin side were only two short of their strongest fifteen, and the win was the surprise in store for the ex-students. The visiting backs, as well as the forwards, played inspired football, and on the day's play deserved their slender victory.

Surprise No. 2 was the defeat of Richmond by Young Munster in the semi-final of the Transfield Cup. Their victory was all the more meritorious in view of the fact that they were battling against great odds in the last twenty minutes. Two of their forwards had to retire through injuries, but the remaining six held off a determined onslaught to emerge victors by the only score, a penalty goal, landed by Brennan early in the first half.

Yet another surprise was in Cork, where Old Crescent almost slipped it across U.C.C. College could only claim victory by one point. I would say it was Old Crescent's best effort in southern football since they were admitted to senior ranks.

A weak Bohemian team were beaten 6-3 in Enniscorthy, while the Garryowen seconds just won from Old Crescent's seconds.

PHOTOGRAPHIC SOCIETY OF IRELAND

On the 2nd of this month, Mr. Butler, a Limerick born scientist home on a holiday from England gave a talk on the diverse use of photography in industry. He spoke of development to infinity and on his success with the processing of Agfa color. He was, perhaps one of the most knowledgeable speakers to visit the Club for the last twelve months.
