CO. OF LIMERICK.

GRAND-JURY ROOM.

SPRING ASSIZES, 1812.

RESOLVED—That it appears to us that there is a difference of several thousand acres in all the Baronies, but one, of this County, between the Survey, on which the applotments are made, and the close Survey under which the Lands are holden by the occupying Tenants.

RESOLVED—That we are informed, that in many instances on some Townlands of the County, the Levy is made according to the Close Survey.

RESOLVED—That it is the duty of the Grand Juries of this county to make such enquiry on the subject as may tend effectually to redress the Tenants so injured, the more particularly as the Yearly Levy has encreased and is increasing.

RESOLVED—That a committee of Five, (Three to be a quorum) be appointed to enquire into the above grievance and make a report to the next Spring Grand Jury of this County of what shall appear to them upon said enquiry, to the end that effectual steps may be taken on the subject, for which purpose the several Barony constables shall attend them from time to time, to give such evidence or information as they shall be required to give.

RESOLVED—That Wm. Ths. Monsell, Ths. Lloyd, Heffernan Considan, George Massy, Glenwilliam and Thos. Grady, Esquires be appointed a Committee for the above purpose.

RESOLVED—That our Representatives in Parliament be instructed to apply for an Act of Parliament to oblige High Constables to enter into Recognizances, with two sufficient Securities to be approved of by the Grand Jury before a Commissioner of his Majesty's Court of Exchequer, for taking Affidavits in each County, in double the Amount of the Money Presented to be levied on the Barony for which he shall be appointed High Constable, and to make the Treasurer for each County responsible if he shall issue his Warrant for Levying any Money until the Certificate of the Enrollment of the recognizance in the Court of Exchequer shall be lodged with him in his Office in the County.

RESOLVED—That our Representatives be also instructed to have required by the said Act to be applied for, that the Affidavits for Presentments shall be lodged thirty days before the Commission Day of each Assizes, with the acting Secretary of the Grand Jury; and that the Printed Copies of the Schedules of such Affidavits shall be Printed and ready for delivery at his Office, Ten Days before each Assizes.

RESOLVED—That our Representatives be also instructed to have the Exceptions in the Stamps respecting Receipts extended to Money Levied by Grand Jury Cess in Ireland, (by the said Act to be applied for by them.)

RESOLVED—That in future no Presentment be granted to any Supervisor for money expended on any turnpike-road whereon a Mail-coach shall not at the time be actually established.

WE recommend to the Magistrates of this County henceforth to insert in every Transmit Committal, the number of Men he deems necessary to accompany the Petty Constable in conveying Prisoners to the County Gaol,

THE Report of the Committee appointed at last Summer Assizes to Examine and Report upon the State of the Avenues

leading to the County Gaol, and the improvement of the approach to same from the New County Court-House, having been laid before us, by which it appeared, That a Street Twenty-One Feet wide from said Court-House to the said Gaol, would be a material improvement, and an object of great consideration compared with the probable expence thereof.

RESOLVED—That we are of opinion that a wide and convenient Passage from the County Court-House to the County Gaol, would be an eligible measure to be adopted; and that a Committee be appointed to treat with the different Proprietors of the Old Houses which obstruct the present Passage, and that the said Committee consist of the following persons:—EDW. CROKER, WM. THOS. MONSELL, THOS. LLOYD, STEPHEN DICKSON and JAMES O'GRADY, Esqrs. who are hereby directed to Report to the next Grand Jury, on the first day of the ensuing Assizes.

RESOLVED—That every Grand Juror, on his first serving as a Grand Juror in this County, shall in future pay Ten Guineas instead of Five, which was hitherto paid as Goose Money.

Richard Shea, to be Bridewell Keeper of Glin in the room of Tim. Collopy, dismissed.

WE nominate and appoint Mr. William Hannan of Cahirelly in this Co. Architict to be an additional Overseer and General Superintendant for building the Sessions house at the town of Bruff in this county.

ORDERED—That our Treasurer do take immediate legal proceedings against the Securities of the late Denis Grady, Stone-cutter, given for Compleating and finishing the Portico front to the New County Court-House he having failed in the performance of his contract for same.

ORDERED—That our Treasurer do forthwith proceed to recover the Amount due by the several High Constables, by suing them and their securities.

PRESENTMENTS made by the GRAND JURY *of the* COUNTY *of* LIMERICK, *at a General Assizes and General Gaol Delivery, held at the New Court-House, for said County, on Saturday, the 7th of March,* 1812.

Barony of Upper Connelloe.
