County Limerick Gaol Report.

THE Board of Superintendance appointed under the 7th Geo. IV, chap. 74, sec. 2, submit the following Report to the Grand Jury, at Spring Assizes, 1845:—

The management and discipline of the Gaol continue to be observed in the same manner, which had merited the approval of former Grand Juries.

The Accounts and Vouchers for the expenditure on account of the Gaol, Bridewells, and Court Houses, since last Assizes, are ready for audit.

The Board have increased the number of Work-rooms, to promote individual separation of the prisoners, with the least possible expense, and have made arrangements for their employment in the manufacture of useful articles, which may not interfere with local trades, in addition to the clothing, bedding and furniture required for the Gaol and Bridewells, and furniture for the Court Houses. By an extension of this principle, the Board anticipate an increased profit on the Prisoners work, and also, a permanent advantage to the prisoners after their discharge. They now return Thirty Pounds on the Work Account.

The Board recommend the alterations in the Female Prison, according to the plan submitted to the Grand Jury, which Mr. Pain has estimated will cost about Two Hundred Pounds.

The Board observe that some of the Bridewells are occasionally occupied by more prisoners than the present arrangements in those small prisons will conveniently admit, and as a temporary remedy have directed that an increased quantity of bedding furniture be supplied to each Bridewell, and the entire bedding be changed with clean supplies, at least every three months, and oftener if necessary.

The Food, Clothing and Bedding, required by Law, have been regularly supplied to the prisoners; and the Board have found it necessary this season, to depart from the usual mode of contracting for the annual supply of potatoes, and have adopted contracts for quantities, as potatoes may be wanted, by which, they believe, a considerable saving will be effected; up to this period the saving is nearly one-third less than the lowest contract tendered.

The Treasurer having again reported to the Board that no money had been paid to the credit of the County, for the occupation of the County Court House by the City authorities, beg to call the attention of the Grand Jury to the subject.

The Governor and the other Officers of the prison have satisfactorily attended to their respective duties.

The school department continues to merit our approval.

The gaol continues healthy.

The daily average of prisoners confined since last report, $111\frac{1}{2}$; the daily average of sick in hospital, $2\frac{3}{4}$; the daily average cost of diet per head, per day, $2\frac{5}{8}d$; number confined this day, 125.

Presentments required:

For half-a-year's salary for Governor and other Officers,.....	£362	10	0
Provisions and necessaries,	500	0	0
Keepers salaries and subsistence of Prisoners in Bridewell, ..	150	0	0
	<u>TOTAL, £1012 10 0</u>		

Present:—

Board Room, County Limerick Gaol,
22d February, 1845.

JOHN CROKER, Chairman,

WILLIAM MONSELL,
JOHN WALLER O'GRADY,
WILLIAM H. GABBETT, Esqrs.

We, the undersigned Grand Jurors, appointed to Examine and Audit the Gaol Accounts, have found them perfectly correct, and the management of the County Gaol highly creditable to the Officers of that Establishment; and the County are indebted to the Board of Superintendance for their zeal and attention to the management of the Establishment, and we further recommend the alteration in the Female Prison.
