County Limerick Gaol Report.

THE Board of Superintendence, appointed under 7th Geo. IV, Cap. 74, sec. 2, submit the following Report to the Grand Jury, at Spring Assizes, 1857.

The Accounts and Vouchers of the expenditure for the Gaol, Bridewells, Court-houses, Coroners' Expenses at Inquests, and for the conveyance of Prisoners since last Assizes, are ready for audit.

The Accounts audited and certified by the Grand Jury at the last Assizes, showed a balance in the Bank to the credit of the County, amounting to £869 12s. 2d., which being added to the presentment granted at the last Spring Assizes, for prison purposes, £1000; and for improving the approach to the County Court-house £150; also added to £85 10s. 3d. being the amount repaid by Government for the subsistence of Convicts in the year 1855; also added to £18 2s. 6d. for sales of Prisoners' Work; and also to £11 5s. for cast iron waste, sold and added to £15 15s. 1d., being the bank interest on Deposit Receipts, making a total of £2,150 to be accounted for at this Assizes.

The expenditure thereout now submitted for audit amounts to £1579 13s. 6d. leaving at this Assizes a balance of £570 11s. 6d. in the bank to the credit of the County; this balance added to £400 12s., granted at the last Summer Assizes, and making a total of £971 3s. 6d. which includes the £150 reserved for Court-house purposes mentioned before, will be for the current expenditure after this assizes. The Board having compared the expense of the corresponding period of the last year with the state of the Gaol at that and the present time, submit that £700 be now presented for the corresponding period of the next year.

The arrangements for improving the sewerage of the Prison, as mentioned in last Report, are now finished, and after the last month's trial, the works are reported to be effective.

The Board have had their attention called to the New Prisons Act—19th and 20th Vic. cap. 68—and have invited and appointed those Magistrates who most frequently attend the Petty Sessions near the several Bridewells, to be an auxiliary Board of Superintendence of those Prisons. This Board feel that those Prisons have now the best possible protection from neglect or abuse, and are further secured by the occasional visits of the Local Inspector, with whom those Boards may be in constant communication.

The Board have to report the death of the Rev. Henry H. Rose, who filled so well the office of Chaplain in the Gaol during the last thirty years, and under the said new Prisons Act, the Board have unanimously selected and appointed the Rev. Benjamin Jacob to fill that office.

The last Grand Jury having referred to this Board the specification and estimate for repairs to the Court-house at Newcastle. The Board sent William Airey, one of the Prison Officers, who has performed that work to the satisfaction of the Magistrates attending the Court of Petty Sessions, and effecting thereby a saving of over £30. He has also done the necessary repairs to the Bridewell at Newcastle, and to the Court-house and Bridewell at Bruff in a like economical and satisfactory manner.

The two cast iron centres of the Thread Wheel having broken during the ordinary working of the wheel—the Board have arranged for its repairs.

The Board find the state of the Prison is as follows:—12 Prisoners for trial, consisting of two males for offences against the person; 1 female for infaniticide; 7 females for petty larceny; and 2 females for forcible trespass in a dwelling-house; 5 debtors; 5 lunatics; 8 females, convicts. The others after trial are—22 for larceny; 8 trespass; 1 soldier; 1 vagrant; and 3 juveniles for felony in dwelling-houses, making a total of 65 persons. The comparative state of the Prison is exhibited thus:—

Number in custody on 21st February,		1854—	110	males and	98	females.
,,	,,	1855	70	,,	38	,,
,,	,,	1856	67	,,	40	,,
,,	,,	1857	38	,,	27	,,

Daily average number of Prisoners since last assizes—54 Males and 30 Females
Daily average number of Sick in Hospital $2\frac{1}{10}$th persons.
Weekly average cost of Food per head is $20\frac{1}{8}$d.

The employment of the Prisoners is of the usual kind, consisting of—for males—trades, stone breaking, picking oakum, and tread wheels; for females—washing, spinning, and sewing. Their work gives a full supply of clothing bedding, and furniture to the Gaol and Bridewells.

The Board have under their consideration the superannuation of one or more of the Turnkeys, now worn out and infirm from age and general bad health—their places need not be filled up at present.

The Gaol is reported to be healthy. One female lunatic died from wounds inflicted by herself since the last Assizes. The sick continue to receive every needful care.

The attention of the Local Inspector to the different departments continues to merit the approbation of the Board.

The School Department is efficiently conducted.

The Governor and other Officers have likewise attended to their respective duties.
