Rathkeale, July 8th, 1869.

Sir,

COUNTY GAOL.

We, the Committee appointed by the Grand Jury to examine the Gaol Accounts, have to report that we have carefully looked into them, and examined the vouchers, which we find correct.

We understand that the Inspectors of Prisons have made certain recommendations with respect to the closing of certain Bridewells, and we find that the Board of Superintendence has, in its report, dated Spring Assizes, 1869, given a strong opinion that those recommendations should be carried into effect. We recommend the subject to the consideration of the Grand Jury.

The Industrial Report submitted to us shews a fair profit, and is satisfactory.

There is now a vacancy on the Board of Superintendence.

STEPHEN E. DE VERE,
FRANCIS DREW,
DANIEL F. GABBETT.

Sir David V. Roche, Bart., is appointed to the vacancy on the Board of Superintendence.

COUNTY INFIRMARY.

We, the Committee appointed by the Grand Jury to examine the Accounts of the County Infirmary, beg to report that we have checked the Accounts and Vouchers to 12th June, 1869, and have found same correct and satisfactory.

We also examined the Ticket Books, and found that 293 patients have been admitted since 1st January, and that the medical and surgical relief afforded comprises cases from widely distributed localities in the County.

We also think it due to Mr. Mahony, the Honorary Treasurer to the Infirmary, to express our thanks for his services, and we recommend that a sum of Three Hundred and Seventy Pounds be presented to carry on the Institution.

OCTAVIUS KNOX,
WILLIAM G. GUBBINS.
WM. UNIACKE TOWNSEND.

FEVER HOSPITAL.

We, the Committee appointed by the Grand Jury at Summer Assizes, 1869, to examine the Accounts of St. John's Fever Hospital, have examined and vouched the same, and find them to be correct. We beg to express our thanks to Mr. Mahony for his kind and gratuitous services. We do not find that it is necessary for us to recommend any presentment at this Assizes, but we suggest that the present Standing Committee, appointed by the Grand Jury, should be requested to report at the next Assizes on the practical working and utility of the Institution. We find that there is a vacancy on this Committee, caused by the death of Mr. Edward Croker, and we beg to recommend the Grand Jury to fill up this vacancy by appointing Mr. William G. Gubbins.

WILLIAM G. GUBBINS,
OCTAVIUS KNOX.

The Board of Superintendence of the County of Limerick Gaol, appointed under the 7th Geo. IV., cap. 74, sec. 2, submit the following Report to the Grand Jury at Summer Assizes, 1869.

The Accounts and Vouchers of the Expenditure of the Gaol, Bridewells, Court-houses, Coroners, Expenses at Inquests, the Conveyance of Prisoners, and sundry expenses of the Militia Barracks, since last Assizes, are now ready for audit.

The Accounts which were examined and certified by the Grand Jury at the last Assizes, showed a balance in Bank to the credit of the Board, of £372 15s. 7d.

Interest on Bank Deposits, make a total sum of £1,483 9s. to be accounted for at this Assizes.

COUNTY SURVEYORS' REPORTS,

Summer Assizes, 1869.

REPORT of the County Surveyor of the Eastern Division to the Grand Jury of the County of Limerick, assembled at Summer Assizes, 1869.

GENTLEMEN,

I have the honour to lay my report of the works under my charge, as also of those proposed at the last Presentment Sessions, before you.

The maintenance of the roads has in general been pretty fairly attended to since the last Assizes, still I find that several contractors who have ever since my appointment shewn an unwillingness to give either value or satisfaction, have not in the least altered their ways.

The works in progress are few. I have hitherto found it very difficult to get the contractors to commence work until a few days before the Assizes or Road Sessions, and on this account will ask you to authorize me to finish some works hereafter mentioned, under the authority of the 146th sec., a measure which I fancy would have a very beneficial effect.

BARONY OF CLANWILLIAM—In progress, presented Summer, 1868—To make a gullet near Cahirconlish; nothing done. Spring, 1869—120 perches of a foot-path between the police barrack and lower cross of Ballysimon; the kerb stones have been drawn for this and I fancy it will be finished in a short time. Spring, 1869—Widen the road in Ardmore; finished, and a great advantage. Spring, 1869—Build a gullet near O'Brien's Bridge, in Coolreedy; materials have been drawn for this and I hope to have it finished in a short time.

WORKS PROPOSED AT THIS ASSIZES—No. 2—To make a gullet near Caherline (Ballybrood); a useful work. No. 4—To make a sewer across the road from near Thomas O'Brien's house to the sewer at the Lunatic Asylum; a permissive presentment, will not interfere with the road in any way when constructed.

No. 5—To cut down, fence, and remake 56 perches of bog road from Castle-Connell to Murroe and Newport; will be a great means of safety to the public at this place, the road being quite unfenced, very narrow, and on an average 9 or 10 feet over the adjoining bog—taken at a very low sum.

No 6—To make 22 perches of footpath and widen the road leading to Kilmurry Church. The roadway was very narrow at this point and being very much sheltered also, I am certain was very often very dirty for foot passengers going to prayers or attending funerals, there is a foot-path at one end of it.

No. 7—To make 290 perches of a foot-path on the road from Limerick to Bruff (by the back gate of Roxboro); this is a connection of two foot-paths and a continuation of one along a road not easily kept clean, and a considerable thoroughfare, a contractor tendered for this but withdrew it, from what cause I know not, I understand you will be asked to receive a tender for it—this foot-path is so situated that I would recommend you to try a cheaper class of path than has been hitherto extensively made in this County, viz: by edging it with thick sods in place of stone, this could be done for one half the amount allowed at Sessions, viz: £36.

No. 8—To repair 70 perches of a road between the Blackboy Police Barrack and the Borough bounds at the back of Garryowen Brewery; this is intended to facilitate the entry to the Markets, which I daresay it will do, and will be a great accommodation to a large number of householders along side of it.

No. 9—To rebuild a portion of breast and guard wall to the road near Fairyhall; is an application of mine and most necessary.

It is intended to apply to you to authorize the laying out a sum of £10 to raise the foot-path alongside the river at Castle-Connell above the level of floods, this sum will not be sufficient to execute the necessary raising of the wall alongside it also. I would recommend a sufficient sum being allowed, the work would be a great advantage in time of floods.

All the contracts which expired at this assizes in this Barony have been renewed with one exception, it will be necessary to provide for its maintenance until Spring Assizes.

Barony of Coonagh—In progress, Summer 1868—555 perches of foot-path between the Railway Station of Newpallas and Pollogh bridge; the contractor commenced last March to lay the kerb stone but has ceased work since, owing to my finding fault with some of the material, and I see no sign of his resuming it—this is a very extensive work and was to have been finished before the 1st of July, and would be an immense advantage to have it done before the winter, it therefore remains for you to give it into my charge under the 146th section, or not; I may mention that the nominal contractor James Ryan, is not the working man, or in any way interested in the work. Spring 1869—To build a bridge (or gullet) over Glengar river; has been built so imperfectly that I have ordered the greater part of it to be rebuilt, it was not done on the 9th June.

Proposed at this Assizes—Nothing.

Contracts expiring at this assizes have been all renewed, as well as one which had not been renewed in March.

Barony of Coshma—In progress, Spring 1868—Oliver Daly, to build 42 perches of guard wall in Cloher; nothing done 26th February. Summer 1868—To make a ditch to the road between Maidenhall cross and Ballincolly cross; now doing. Patrick Hanrahan to make 395 perches of foot-path on the Rathkeale road, between Rienroe cross and Barony bounds at Mount Earl; not quite finished on the 10th June. Spring 1869—To repair the bridges at Maidenhall and Garryderk, also to build a guard wall at Bruff near the fair-green, were presented to me; I was not able to get a contractor for these works until the last few days, and I now hope to have the works satisfactorily done in a short time.

Works Proposed at this Assizes—No. 2—A sod fence in Tubbernea; necessary to prevent an overflow of water in time of floods. No. 3—462 perches of a foot-path on the road from Bruff to Kilmallock; a very public and low lying road surface, to which the path will be a great advantage. No. 4—To make 225 perches of foot-path between the north pike of Bruff and the south end of the chapel wall; will be a very useful work and one I often wished to have done; in a populous district.

Contracts expiring now in this Barony have been altered in their termination in many instances, and have been all renewed with one exception; this was tendered for but the contractor refused it at Sessions, and being through part of the village of Croom leading towards the Railway Station, you will require to provide for its maintenance until Spring Assizes.

Barony of Costlea—Spring 1868—Robert Harding, to complete 620 perches of a road between cross of Curraghkilbran and cross of Inchacomb; a very large quantity of metal has been, and is preparing, for this work, the formation is nearly all complete, also the fencing, a new cut has been made to turn off the Inchacomb stream while building the bridge over it, and for which the contractor informs me he has the greater part of the ashlars cut and quarried in Moore Abbey quarry, he also assures me he will have the work completed before the time to which he is limited by his specification, viz: 1st October next, and I see no reason to think he cannot. Spring 1868—John M'Grath, to repair 96 perches of fence between Barna cross and Legane cross, Keelogues; this has been certified at Sessions since March Assizes 1869, but the contractor not having completed the work in such parts of the fence as I considered most wanting, I withheld his money, on the 17th however I saw him on the place, and he has assured me he will do all I require before a month. Spring 1869—To repair the parapet wall at Ballincarroona bridge; this work has not been commenced yet, indeed could not well be owing to the height of water in the river. To James Crawly, to remake the road between Bohercarron cross and the County bounds; on the 14th May there was no work done, but I understand there has been a large quantity of metal prepared since then.

Proposed Works—To build a gullet at the boundary of Griston and Annagurra bogs; the applicant feared tendering for this work in consequence of an opposition to his getting stone in the neighbourhood, it must be done some day, and is in a dangerous condition at present.

No. 5—To make fences on both sides of the road between Patrick Regan's house in Darnstown and Martinstown chapel; a most useful and necessary work.

Contracts expiring in this Barony have all been renewed with two exceptions, one of them is of little consequence, the other though tendered for was not taken, and being the important road from Kilmallock to Kilfinane, its maintenance until Spring Assizes, 1870, must be provided for.

Barony of Owneybeg—Spring 1867—To widen 120 perches of road between Limerick to Murroe; is now all completed with the exception of the fences, which are in a very imperfect state, and I do not think the contractor will ever complete them properly, and I would advise you to order them to be done at his expense under the 146th section. Spring 1868—To complete 132 perches of road in Meentulla; this is making slow progress, but I see no reason to think it will not be finished before October. Spring 1869—To extend and turn the parapet to the bridge of Doolasha; you ordered me to get this done, it is now in progress and will be finished in a few days—it will be a useful work.

Proposed Works—No. 2—To complete a new line of road, 190 perches, this was not tendered for, it would be the connecting link between two others lately done or doing, and a contract road.

All contracts expiring now in this Barony have been retaken with one exception, and there being a half-year's payment undischarged on it, I would ask you to present it to me to be spent in maintaining it until Spring Assizes next.

Barony of Pubble Brien—Works in progress, Spring 1868—To make 52 perches of foot-path between Carrig cross and Timothy Kenny's house; only now finished in an indifferent way. Spring 1869—To make a gullet near Ballinacurra bridge; completed in a satisfactory way—a very useful work. Spring 1869—To widen a portion of the road, and make 202 perches of foot-path on the Adare road; the widening and fencing has been done and the foot-path partly formed, this work will I hope be completed before the time limited in the specification.

Works Proposed—No. 4—To rebuild a defective gullet, raise and widen the road and fence it, and raise the embankment at Cunigar quay; a useful work, part a completion of an unfinished relief work No. 5—To make 152 perches of a foot-path on the Rathkeale road near Patricks-well; this is the remainder of the foot-path left unfinished between Limerick and Patricks-well.

Contracts expiring at this Assizes have all been renewed, and some of them have been altered in their length and terminations.

Barony of Small County.—Works in progress, Spring 1868—To build a bridge over the river dividing the County Limerick and Tipperary, at Cromwell ford; the contractor has been paid all but the last instalment on this work, and for which I certified at last Sessions subject to being completed; it is not completed, I will now therefore require you to suspend payment until it is finished. Spring 1869—To make a gullet and guard wall in Carrigkettle, 7th April, not done; I have no doubt this will be done before the November Sessions.

Works Proposed—No. 2—To make a foot-path 20 perches long; this is a completion of foot-paths through the village of Hospital.

All contracts expiring now have been renewed with the exception of four, I cannot account for it unless the contractor is retiring from contracts, and others did not wish to interfere with him; if tenders can be procured now for them, I would advise their being accepted, as two or three of them certainly should not be abandoned for the winter.

There are some cases where contractors have neglected the roads since the May Sessions, and would wish you to disallow payment, and authorize me to lay out the money under the 146th section.

I have heard from your Solicitor that he has had Counsel's opinion as to whether the Corporation of Limerick were liable for the damage done to the Tarbert road last winter, owing to their embankment giving way. Counsel is of opinion that the Corporation are not liable; it is therefore necessary for you to provide for the repairs. In the Kilmallock case Counsel did not advise, waiting for a tracing of the locality which I have sent.

It will be necessary for you to suspend payments for a few contracts not quite completed, a list of which I will hand you.

I am, Gentlemen,

Your obedient servant,

THOMAS FOSBERY, C.E.

COUNTY SURVEYORS' REPORTS.

Summer Assizes, 1869.

REPORT of the County Surveyor of the Western Division to the Grand Jury of the County of Limerick, assembled at Summer Assizes, 1869.

GENTLEMEN,

Applications for Presentments for Special Works were allowed at last Sessions and will be brought before you for consideration; the applications of this class, which appear on the Schedule, are as follows:—

BARONY OF UPPER CONNELLOE.—No. 5—To repair a breach in a retaining wall at Ballyknockane; is necessary; the application comes before you to be certified only, no presentment can be made on it until next Assizes. The breach is at present temporarily secured by a wooden paling, which was erected under a Magistrates order.

BARONY OF GLENQUIN.—No. 3—To rebuild a bridge over the river Feale at Dirhæ; the bridge is greatly needed; it is to be built on the site of a bridge which was carried away many years ago; half the expense is to be charged to this County and half to Kerry. I have agreed with the Surveyor of Kerry to recommend that the bridge shall be in two spans of 40 feet each. No. 5—To build a gullet at Ballynoe; will be useful. Nos. 6 & 7 are applications for permissive presentments, and unobjectionable.

BARONY OF LOWER CONNELLOE.—No. 3—To make a gullet and cesspool at Rathkeale; is necessary to drain a hollow in the road where, from want of an outfall, water remains stagnant and offensive for long periods. No. 4—To make 276 perches of foot-path on the road from Askeaton to Limerick; the foot-path will be useful, being on one of the leading thoroughfares. No. 5—To make 16 perches of foot-path and paved channel in the town of Askeaton. No. 6—To repair the timber bridge at Beaufort; is necessary.

BARONY OF SHANID.—No. 2—To complete 308 perches of road; the road was partly made during the famine period; it will be of no utility if the extension of it in Kerry be not completed, but the understanding is, that the extension will be completed concurrently. The sum stated in the Schedule is not an instalment, but the whole amount of the contract, it represents about half the expense of the road, the other half is to be defrayed by the proprietor of the land through which the road is to pass. No. 4—To make a gullet at Templeathea; will be useful.

No. 5—To repair 71 perches of fence; is to repair an injury done to the fence in effecting an improvement of the road. No. 6—To build a gullet at Clonlehard; will be useful. No. 7—To repair a breach in the retaining wall at Ballinlehane; is necessary.

BARONY OF KENRY.—Nos. 2 & 3—To make foot-paths on the mail-car road from Limerick to Askeaton; will be useful; the road is a great thoroughfare, and foot-path accommodation appears much required. No. 4—To fill a hollow at Ardlahan; is necessary; the intention is to raise the surface of the road over the level of floods, as the inconvenience caused by them is considerable.

Applications for renewing presentments for maintenance of roads were allowed on 136-2 miles, of which 97-9 miles have been set to Contractors; advertisements for the remaining 38-3 miles, and for the unset special works, will be issued, and probably tenders for them will be laid before you, if not, provision can be made if you approve under 20th & 21st Vict., chap. 15. If presentments be granted on all the applications, there will be provision for repairing 775-8 miles of roads until next Assizes, at an expense of about £4,596 4s. 1d., being £5 18s. 6d. per mile, or 4½d per perch, and averaging about 6½d. per £ on the gross valuation of the Western Baronies.

Applications for payment were carefully considered, and with due regard to the recommendations suggested by Mr. Justice O'Brien at last Assizes. Certain applications for payment on maintenance contracts in the Barony of Upper Connelloe were allowed by a majority of the Sessions without my certificates, and I have to ask your instructions regarding them.

The repairs of roads have been moderately well attended to since last Assizes to this date; cases of great negligence are not numerous. It may be necessary to ask you to postpone some payments, or to authorize proceedings on the recognizances, but I believe most of the defaulting contractors have been already dealt with at Sessions.

In compliance with an order of the Grand Jury, made at last Assizes, some repairs have been effected in the Sessions House at Ballingarry, and it is now in a fair state of repair; I understand that the proprietor contemplates improving the accommodation.

I have the honour to be,

Gentlemen,

Your obedient servant,

JOHN H. BRETT.
