

Mr Harwood—That is what it means.  
The Chairman asked was it right to give a room to people for the purpose of thwarting them

Mr Harris—That is not the question at all. The question is, to take a vote on the matter before you.

The Chairman said he was going to take a vote, but he should finish his remarks. He believed some members of the Council were members of the Association, and came to hamper their movement. Under the circumstances he would take a vote whether the elections should be triennial or annual.

Mr Keane said what he had stated there before was that it appeared to be the opinion of some people that the Association seemed to have been got up against the cottages. He believed they did not care about the Association. If they got a room in the hall they could not hamper the Council in the building of the cottages.

Mr Harwood—It is an effort to bring Conserva-tive influence on the board.

The Chairman then put the motion, when there voted for triennial elections—Messrs McDonald, Abern, Cahill, Harwood, Neylon, Harris and the Chairman—8.

Against and for annual elections—Messrs Roughan, Scanlan, and Honan—3.
