It is reported that a new Candidate will start for
the County Carlow.

The following appears in the Dublin Evening
Post of Saturday :-

To the Independent Electors of the County of Clare.
"The Friends of a certain Interest are requested to keep
themselves disengaged, as a certain Individual, of some
considerable family interest in said County, intends
bringing himself at the next General Election, which it has
pleased Providence to cause, by releasing our late worthy
and much-lamented King from his sufferings in this life, and
submitting to the supreme authority his not less worthy son."
"IGNOTUS."

The Munster Circuit, it is stated, will commence
on the 5th March, Judges Mayne and Jelb are
announced, but the former being indisposed, its
uncertain whether he will go circuit.

On Thursday night, Captain Moulson 35th
Regiment, returning to his barracks in Cork,
was robbed on the Wellington road by two armed
men of his watch; the same night, a man named
Murphy was stabbed by a fellow named Neville,
who is lodged in jail.

Saturday, a man named Moinahan, a Labourer,
fell from an upper loft in a Store in this City,
and was unfortunately killed.

In consequence of the small number of Pigs
which were brought to Market last week, the price
advanced on Monday to 35s per cwt.; and it is
rather remarkable, that the price should be 2s over
Cork, and 3s over the Dublin rate. We recom-
mend those who have their Pigs fat to avail them-
selves of the advantage.

A distressed tradesman who is willing to work,
but has no employ, and who is ashamed to beg,
having a wife and five helpless young children,
claims the kind attention of a benevolent public;
their distresses are most acute, and which can be
vouched for by the Proprietors of this Paper, who
will thankfully receive the smallest donations, and
which shall be publicly acknowledged.

The Rev. J. Crampton acknowledges the
receipt of £1 17s 6d. proportion of a fine levied
on cutting timber on the lands of New Garden, for
the Poor of the parish of Castle Connell.

We are authorised to say, that the annual Charity Sermon,
in support of the Clare Convent Poor School, will be
preached on the Sunday of the Assizes week.

Yesterday, a letter was received by Alderman Watson,

Waterick House of Industry. January 24, 1820. The
known truly charitable person who has sent this sum, can
