FATAL BURNING ACCIDENT IN THE CITY.

An old woman named Mrs. Ellen Molony arrived on a visit from the country to see some relatives in Windmill street. She stayed overnight, and yesterday morning she lay in bed, the occupants of the house leaving for a time. Smoke was seen issuing from the premises shortly after the woman's clothing having accidentally caught fire, and on a man entering the premises she was found to have been very seriously burned. The Corporation ambulance was procured, and the injured woman removed to Barrington's Hospital. She died in that institution last evening.

Mr. James F. Barry, J.P., City Coroner, held an inquest this evening, and evidence having been given, the jury found that death was the result of accident.
