houses to the Housing Committee, with a view to
increasing the rents

The Mayor, referring to a recommendation to
provide 2s in the £ for the erection of houses
under the terms offered by the Provisional
Government, said he was in Dublin recently, and
had an interview with Alderman Cosgrave,
Minister for Local Government, on the subject.
He was informed by the Minister that the grant
for building was being given on the basis of a 1s
rate throughout the whole of Ireland, and in that
way he had set the amount for Limerick at
£30,000. He (Mayor) asked him if there were
not places that would not take advantage of the
Government's terms, and he said there were not.
He then pointed out that Limerick Corporation
had provided for a 2s rate, and was told that the
equivalent of such a rate would not be forth-
coming. That being so, he (Mayor) considered
the Council should strike a rate of 1s for housing,
with an additional 6d to provide for the repay-
ment of the loan.

Mr O'Flynn proposed, and Mr J. A. Moloney
seconded, that the Council strike a rate of 1s
in the £ for housing in the city, and 6d to meet the
repayment of principal and interest on the loan.

This was agreed to.
The Council reduced the estimate for mac-
phalting from 1s to 6d in the £, and having
made other deductions the following rate was
unanimously adopted to meet the services of the
city for the ensuing year—Improvement rate of
11s in the £; domestic water rate, 1s 6d;
Borough rate, 6d; poor rate, 6s 8d, and general
purposes rate, 3s 4d, making a total of 23s, as
compared with 27s 2d for the last twelve months.
The Council, on the motion of Mr D. Bourke,
seconded by Mr M. Griffin, increased the rate for
the upkeep of the Free Library and Museum by
one penny in the pound.

THE SHRIEVALTY.

The question of selecting three persons qualified
to fill the office of High Sheriff for the ensuing
period was again adjourned pending a com-
munication on the subject from Da'l Eireann.
